FOUGHT WITH KNIVES TO CAPTURE LIFE BOATS.

Awful Scene When the Steamer Lusitania, Carrying Five Hundred Passengers, Ran on the Rocks During a Black Night — Crew Had to Fight to Save Women and Children.

ST. JOHNS, N. F., June 26.—The Orient Steam Navigation Company's steamer Lusitania, Captain McNay, from Liverpool June 18, for Montreal, having 500 passengers on board, was wrecked last night off Cape Ballard.

The Lusitania was bound round Cape Race for Montreal, with a large cargo and a shipload of passengers.

Ran on a Reef.

She mistook her course in a dense fog and went ashore near Renew's, twenty miles north of Cape Race, before daybreak. The ship ran over a reef and hangs against a cliff. The passengers, who are mostly emigrants, were panic-stricken.

Fought With Knives.

They stampeded and fought for the boats, but were overcome by the officers and crew. The rougher element among the passengers used knives. The women and children were first landed and the men followed. The crew stood by the ship. A heavy sea was running, but at latest advices the Lusitania was holding her own. It was thought likely, however, that she would prove a total wreck.

Will Go to Wreck.

The disaster occurred miles from the nearest telegraph station and the details obtainable at this time are meagre.

Several steamers are fitting out here to go to the scene of the wreck. It is expected that the large cargo of the Lusitania will be salvaged.

Twenty May Be Drowned.

As this dispatch is being sent an unconfirmed rumor has reached here that a boat load of people from the Lusitania was upset and that twenty persons were drowned.

Cape Ballard is situated on the coast of New Foundland about sixty miles south of St. John's. The Lusitania was built at Liverpool by Laird Brothers in 1871. She is 379 feet 9 inches long, has 41 feet 3 inches beam and is 27 feet 7 inches deep.

Terrible Experience.

The passengers of the Lusitania had a terrible experience. The first knowledge which they had of the disaster was when, owing to the ship scraping over the rocks, they were hurled from their berths by the shock. A scene of great excitement ensued. Five hundred people were clamoring to escape, while the crew tried to pacify them and launch the boats. The male passengers in their attempt to seize the boats, trampled the women under foot and fought the crew with knives. Some of the more cool-headed of the passengers assisted the crew in the efforts to get out the boats. One boat was upset and its occupants were immersed. It is supposed that some of these were drowned. Another boat, having on board twenty persons, is supposed to be adrift in the fog, and this may have given rise to the report that twenty persons were drowned by the upsetting of a boat.

The women and children, almost nude, were pulled up the cliffs by the coast people.

A Furious Rain.

This morning the unhappy passengers, after shivering for hours on the hill top, tramped weary miles in their endeavor to reach the houses of the fishermen, where they are now sheltered. Previous to reaching the cliffs the passengers passed two hours of terrible anxiety on the wreck.

A furious rain storm and a heavy sea raged all night. It is feared the Lusitania will be a total wreck. The last reports received here said the steamer was breaking up, that her fore-holds were full of water and that her cargo was being salved.

There is hope of saving the effects of the passengers, as where possible they were stowed above decks.

Six steamers are now on their way from here to the scene of the wreck. It is expected that the rescued passengers will be brought here tonight.

BOTH ARE FOUND DEAD.

QUINCY, Ills., June 26.—The bodies of Frank C. Forrest and Louise Strothoff were found in the road five miles from here early today. Each had been shot. Forrest, who was well known in Quincy, had quarreled with Miss Strothoff and later had received a note asking him to drive out to her home and see her. He went last evening, accompanied by John Dittmar. During the evening Forrest and the girl took a walk and that was the last seen of them until their bodies were found half a mile from the house. A revolver lay near them. Whether he or she did the shooting will probably never be known.

MRS. M'KINLEY TAKES DRIVE WITH PRESIDENT.

WASHINGTON, June 26.—Mrs. McKinley's condition is so much improved that she was able to take a drive with the President this morning.

OBJECT TO CHINESE FOR THEIR ORATOR.

PHILADELPHIA, Pa., June 26.—At a meeting of the Chinese-American Society held here resolutions were unanimously adopted protesting against the selection of Wu Ting Fang, Chinese Minister, as orator of the day at the Fourth of July celebration in this city. The resolutions allege that Mr. Wu "covertly aided the Boxers in their massacre of the Christians in China" and "has been misleading the public in his statements in regard to his position toward them."

WILL MAKE A TRIP AROUND THE WORLD.

NEW YORK, June 26.—George Lauder Jr. of Pittsburg proposes to make a voyage around the world in the schooner yacht Endymion, recently purchased from the estate of the late George Day. The yacht will sail today for New London to witness the 'Varsity races and afterward will sail for Scotland, where Mr. Lauder will be the guest of Andrew Carnegie.

HARVARD COMMENCEMENT.

CAMBRIDGE, Mass., June 26.—Commencement exercises at Harvard University today followed the usual order. The president and fellows of the University, the overseer and the various faculties met the recipients of the honorary degrees, Governor Crane and his staff and other invited guests, and all the alumni marched to Sanders Theater, escorted by all the Seniors and other candidates for degrees in the cap and gown. The commencement speakers were Lawrence Hayward, Marlborough, Mass.; Sanford H. E. Freund, New York; Samuel Smith Drury, Bristol, R. I.; and Herbert C. Kahn, Indianapolis. Following the exercises in Sanders Theater, the various classes held re-unions. Polls for the election of five overseers were opened from 10 A. M. until 5 P. M.

One of the most interesting of today's events was the dedication of the Gates of the new fence surrounding the College grounds by the classes which presented the memorials to the University. Today's commencement was noteworthy for the conferring of degrees in courses upon the largest number of men who have ever presented themselves in the history of the college. The honorary degrees were conferred as follows:

Masters of Art: Edward Livermore Burlingame, author and editor.

John Bellows, authority on Roman antiquities in Britain, essayist, lexicographer.

Hugo Munster Berg, psychologist.

Theobold Smith, patheologist.

James Gross, historian.

The three latter are Harvard professors.

Doctors of Divinity:

David Gordon Lyon, Assyrian scholar.

Alexander McKenzie, pastor for 34 years of the Evangelical branch of the First Church of Cambridge and Secretary of the Harvard Board of Overseers since 1875.

Doctor of Laws: William Caleb Loring, Judge of the Supreme Judicial Court of Massachusetts.

Henry Smith Pritchett, President of the Massachusetts Institute of Technology.

Jacob Henrikus Van Hoff, Great Physical Chemist.

James Ford Rhodes, Historian.

James Tyndale Mitchell of the Supreme Court of Pennsylvania.

Charles Sprague Sargent, first director of the Arnold Aboretum, Boston.

Wayne McVeagh, former Attorney-General of the United States and Minister to Italy.

Theodore Von Holleben, Ambassador of the German Empire.

Conspicuous and unusual honors were conferred upon the German Ambassador, in addition to the formal degree. In the procession to the theater his official rank was determined next to that of the Governor, and he sat next to that official on the stage. When President Eliot announced the conferring of the degree the audience cheered, a compliment which was not paid to any other person.

POLICEMEN CHARGE THE STRIKERS.

One Thousand Men Refuse to Stir Before Officers With Drawn Clubs.

SHOTS AND BLOWS BREAK THE MUTINY.

ROCHESTER, N. Y., June 26.—One thousand striking laborers had a brisk encounter with the police in which eleven policemen and twenty rioters were injured. The rioters set out, as several times before, to drive off the laborers working on street improvements.

Police After Mob.

At Mill and Commercial streets they encountered fifty laborers employed by the Rochester Gas and Electric Company, in digging a trench, and drove them from the trench. The workers sought refuge in the power house of the company and the police undertook to disperse the mob.

Advanced With Clubs.

The police reserves were drawn up in a platoon of fifty across the street and upon orders advanced with drawn clubs upon the mob. Immediately the air was filled with bricks, stones and wood, and shovels and picks in the hands of the strikers were used freely.

Police Fired.

Amid the melee a shot rang out and Sergeant Stein, commanding the platoon, ordered the police to fire over the heads of the strikers. This had the desired effect. The strikers scattered and the police chased them through the streets to the City Hall Park, where they were held awaiting action by the Mayor.

The Wounded.

Police reinforcements were hurried to the scene of the riot, but their services were not required.

The injuries sustained by several of the policemen are of a serious nature. The hurts of the rioters were mostly scalp wounds inflicted by the officers' clubs.

FLAGGED TRAIN JUST IN TIME.

REDDING, Cal., June 26.—What might have been a disastrous wreck was averted on Monday night by the prompt action of Clint Brown, a young Sacramento river fisherman, who flagged the California Express just in time to prevent it running into six cars which had run away and cramped on the track in the path of the express. Brown observed the state of affairs, and, being conversant with the time tables, pulled a lantern from a switch and managed to get far enough along the track to warn the oncoming train. The engine of the express was stopped within a few feet of the obstructing cars.

PIONEER WOMAN HAS PASSED AWAY.

SAN FRANCISCO, June 26.—Mrs. M. E. Gwin, widow of Wm. M. Gwin, who once represented the State of California in the United States Senate, died this morning at her home, corner of Sacramento and Hyde streets.

Mrs. Gwin was 86 years old and her advanced age is given as the cause of her death. She was one of California's pioneer women, having arrived in this State in the earliest days of the gold excitement. She had been very prominently identified with higher circles of social life in San Francisco.

Three children survive her, Wm. M. Gwin, Jr., who was United States shipping commissioner at this port; Miss Carrie Gwin and Mrs. E. J. Coleman.

EDNA WALLACE BETTER.

SAN LEANDRO, June 26.—Miss Edna Wallace, the actress, formerly Mrs. Edna Wallace Hopper, daughter of the late Mrs. Alexander Dunsmuir, who was prostrated by the death of her mother has, in a measure, recovered from the physical collapse which she experienced on her arrival here Monday last, and is now able to sit up. She is still extremely weak, but her physicians say that she has passed the crisis and that she will continue to improve as she gradually recovers from the shock which her mother's death occasioned.

Miss Wallace, it is expected, will be able to attend the funeral of her mother, which will take place tomorrow morning. She will, however, be attended by a physician and a nurse.

The cortege will leave the Dunsmuir home at 9 o'clock tomorrow morning. Solemn requiem high mass will be celebrated in St. Francis de Sales Church in this city. At the conclusion of this service, the remains will be interred in this city.

The funeral will be attended by members of the Dunsmuir family from San Francisco and British Columbia, representatives of the Dunsmuir employes on the other side of the bay, and immediate friends of Miss Wallace and her mother who followed her here from New York, arriving at the home yesterday.

The arrival of Mr. and Mrs. James Dunsmuir did not take place till today.

The chamber of death contains a number of beautiful floral tributes, among which may be named: A wreath of lilies of the valley four feet in diameter, from the Dunsmuir office, San Francisco; Easter lilies and ferns on a frame six feet in height, from Mr. and Mrs. James Dunsmuir; a large spray of pink roses, from William Wallace; a large spray of white roses, from Mr. and Mrs. Russell J. Wilson; cluster of large white roses, from Mr. and Mrs. Mountford Wilson, and a large bunch of triumph carnations, from Mr. and Mrs. Charles H. Lovell.

TYPEWRITER WIDOW WINS A FORTUNE.

Mrs. Julia E. Knight, Aged 30, Marries Dan Laird, Aged 68, Worth $175,000.

HOW THE LADY WON THE OLD BACHELOR.

Mrs. Julia E. Knight, a stenographer of this city, who resided at 575 Kennedy street, has married a fortune. The fortune has come with a husband, Daniel Laird of San Francisco, who, however, is 68 years of age, while the age of the newly-wed wife is only 30 years. The groom is therefore more than twice the age of the bride, but whatever disparity there may be between the ages of the twain is atoned for by a liberal supply of the goods of this world and a wealth of affection equal to the intensity of a man's first and strongest passion, because this is the first time which Mr. Laird has confessed the tender passion, as he never wooed, neither was he ever wed before.

A SECOND VENTURE.

On the other hand, this is the second time that Mrs. Laird has ventured into the matrimonial field, her first husband having passed away, leaving her a son who is now about 4 years of age.

Mr. Laird's lack of familiarity with the marriage state and his store of worldly goods are in a measure counterbalanced by the experience of his wife and the heartiness with which she accepted the tardy proposal to marry.

MADE A FORTUNE.

Mr. Laird, for years, was a furniture dealer in San Francisco, where he acquired a competence. He resided for a long period in the United States Hotel, and, recently, went to reside in a home which he has just erected on Noe street and over which Mrs. Laird will here-

PLANNED TO KILL A SOLDIER

WASHINGTON, June 26.—The records of court martials of Filipinos have been received from Manila. A native Sergeant of Police, Pablo Tabares, ordered two of his policemen to induce private George O. Hill, Company H., Eighteenth Infantry, to enter the sergeants house in the Pueblo of Cabutan. Once in Tabares treated the American with lavish hospitality and pressed glasses of wine upon him until the soldier was badly intoxicated. The sergeant then ordered the two policemen to take the unfortunate man outside the Pueblo and kill him. The wily Tabares promptly sent his two accomplices off to the Insurgent ranks to get them out of American jurisdiction, together with the dead man's uniform and accoutrements, while he remained discreetly silent. He was found guilty of murder and also of arson, having caused about a hundred dwellings in Cabutan to be burned. He was sentenced to be hanged.

HUNTED HER WITH HIS DOGS.

Sensational Story Told by a San Leandro Wife in a Divorce Case.

WANTS LARGE ALIMONY AND FAT COUNSEL FEES.

The divorce case of Mary J. Leveira against Jose Leveira came up before Judge Ellsworth this morning on a motion for alimony and counsel fees. The motion was presented by Attorney J. L. Geary Jr. He asked $150 a month alimony for his client and $1,500 fees for himself. The motion was opposed by Attorney Cary Howard on behalf of the husband.

Leveira resides at San Leandro. He is reputed to be worth about $30,000, although he denies that he has this much property.

Mrs. Leveira asks for a divorce on the ground of extreme cruelty. She claims that she has borne cruel and abusive treatment from her husband for thirty years. The couple were married in 1854 and have eleven grown children.

In her complaint Mrs. Leveira alleges specific acts of cruelty dating back to 1863. She alleges that her husband has repeatedly struck her with his fist, choked and kicked her, also that he beat her with a rope until she was black and blue. On one occasion, Mrs. Leveira claims, her husband beat her so badly that she was confined to her bed for six weeks.

In January of 1878, while living on their ranch in Contra Costa county, Mrs. Leveira claims she was driven from her home by threats to kill her. She says she ran to a neighbor's place in her night robes. Her husband, she says, followed her with a pistol and dogs. Mrs. Leveira fled to Antioch. There she and her husband met and patched up their quarrel. Mrs. Leveira says she agreed to return to her husband on condition that he would not abuse her any more. Shortly afterward, she says, the cruel treatment was resumed.

Last May, Mrs. Leveira says, she sustained severe injuries from a fall, but her husband refused to call a doctor. She remained in bed for several weeks suffering great pain. When she asked for medical attendance, she says, her husband told her she was merely feigning illness.

A few weeks ago, Mrs. Leveira says, she was driven from her home at San Leandro by the cruelty of her husband and his threats to kill her. She went to San Francisco and has since been residing with a son there.

George Leveira is also made a defendant in the suit, because he is in possession of some alleged community property. Besides the home at San Leandro and property in Contra Costa county, Leveira is alleged to have about $10,000 in bank and notes, mortgages and other securities. Mrs. Leveira asks for a division of the property.

The case was finally continued to August 9th.

ALLEN MAKES POWERFUL SPEECH FOR PROSECUTION

He Sums Up the Evidence Against Brandes With Logical Clearness and Terrible Effect--Characterizes the Defense As a Series of Shams Devised So As to Evade Punishment.

Judge Frick closed his argument for the defense in the Brandes case this morning with an impassioned appeal to the jury to strip themselves of all prejudice and to weigh the testimony independent of sympathy for the dead girl. He argued that the evidence showed that Brandes loved his daughter and treated her kindly, when not embarrassed by the presence and reproaches of his wife, who was jealous of the girl and resented her presence in the household.

He contended that the evidence indicated that the fatal injuries were inflicted by Mrs. Brandes far more than it indicated that they came from the hands of the father. There was no motive for Brandes to kill the child, but there was a motive for his wife to hate the child of a former marriage. The dislike was mutual. Brandes might have assisted in hanging up the girl after she was dead, and may have exerted himself to cover up the cause of death. But, assuming that he did do those things, which would be natural for a man in his position, he was not guilty of any offense embraced within the charge of the information.

If the woman killed the girl the father could not be convicted of the crime. He might have acted foolishly and reprehensibly—seriously blameworthy, perhaps—but he was guiltless of slaying his child. He loved his daughter, but he also loved his wife, the mother of his only remaining child, and he may have said in his grief and perplexity that the dead could not be brought to life by bringing disgrace upon the wife and a black shadow over the life of his son. Taking this view, cannot every act and every word of defendant be easily understood? Was not his conduct in perfect accord with this theory? While he mourned the dead, he shielded the living.

Frick closed with an eloquent appeal to the jury to make no mistake, but to apply their judgment as men of experience eto weighing the evidence.

MRS. BRANDES CAUSES A WRANGLE.

A sharp wrangle ensued when District Attorney Allen arose to reply. He attempted to read from the court minutes an offer made by the defense to show that Mrs. Etta Brandes had testified at the former trial. Frick objected to the reading on the ground that the offer was not made as evidence in the trial, but in support of the plea of once in jeopardy which was advanced to bar a conviction for a higher offense than murder in the second degree.

The court sustained the objection, and the fact that Mrs. Brandes testified at the former trial is therefore eliminated from the evidence so far as the jury is concerned.

Judge Allen began by attacking the theory that Mrs. Brandes and not her husband killed Lillian. "In this case, gentlemen," he said, "you are charged with a graver duty than is ordinarily imposed upon a jury to punish crime. You are here to throw the protecting arm of the law and the instincts of civilized humanity around innocent, helpless childhood. Without such protection they are at the mercy of such savage and unnatural brutality as has sent this poor child to an untimely grave, her tender body covered with blackened bruises that bear mute but eloquent testimony to the horrible usage to which she had been subjected. To you helpless childhood looks for protection. It looks to you to vindicate the law for the unspeakable outrages inflicted on defenseless innocence in the person of this poor girl.

"The defense set up here is a horrible sham. There is nothing to indicate that Mrs. Brandes killed this girl, but all the testimony goes to show that she was repeatedly beaten by her father. His blows and curses and threats were heard by the neighbors. All the circumstances confirm the fact that this defendant beat his child to death. The theory that Mrs. Brandes did the killing is based upon the story of Milton Brandes. You are asked to believe that on Wednesday night the girl assailed Etta Brandes with a knife, and that she defended herself from the savage attack of this frail girl by beating her over the head. If this were true there would have been no need for concealment. Any court would have acquitted her on the ground of self defense. Not a hair of her head could have been touched. All she had to do was to tell the facts and have them confirmed by the evidence of her son and the surrounding circumstances.

"Remember that this is alleged to have occurred on Wednesday night, and that death did not take place till Saturday morning. It did not come as a surprise to confuse and terrify them. They had ample time for deliberation, and could satisfy themselves that they had no reason to fear the consequences.

"No such thing occurred. The story is a sham, a cunning fabrication, to shield from punishment the hideous crime of this unnatural defendant. It is but another sham set up for this purpose. His efforts to shield himself have been a succession of shams. A number of reputable and disinterested witnesses have testified to the beatings, curses and threats of Brandes on Tuesday night. Before bedtime he beat his child and then played the piano. Then he beat her again. Afterward he pulled her out of bed to shower blows on her poor little bruised body. Harvey heard her piteous cry, "Oh, Al, don't kill me!" The Richardsons heard the blows and cries and came out to see what was the matter. They heard the noise when the father was at his brutal work Tuesday night, but they heard no sound of this alleged terrible affray Wednesday night. They heard her cries when her father was beating her, but she did not cry out when Etta Brandes was beating her with a poker. Why did she cry out at one time

WEDDING WAS VERY QUIET.

SAN LORENZO, June 26.—The marriage of Charles C. McCleverty, son of the late Charles McCleverty, late proprietor of the Fashion Stables, and Miss Harriet Elizabeth Roberts took place this afternoon at the home of the bride, San Lorenzo.

The ceremony was performed by Rev. F. B. Perkins and was witnessed by only the immediate friends of the family, because of the bereavement recently sustained by the groom.

The bride was given away by her father, Captain Roberts. Mr. McCleverty was attended by A. G. Roberts, a brother of the bride. The latter was attended by Miss Jessie Knowles of Oakland.

There will be a short wedding tour, after which Mr. and Mrs. McCleverty will reside in Oakland.

Plunged Through Trestle.

Two sections of train No. 3—one coming from Detroit and the other from Toledo—were consolidated in this city into a train of eleven cars, making up the flyer for its journey to St. Louis. It consisted of a combination baggage and express, combination baggage and smoker, day coach, emigrant coach, three chair cars, three sleepers and the private car of General Superintendent William Cotton of the Iron Mountain Railway.

Having left this city one hour late, the train was speeding westward at a high rate when the engine plunged through a trestle which had been undermined by the recent heavy rains.

Cars Turn Over.

The embankment on both sides of the little stream dropped at a sharp degree a distance of forty feet. Owing to the momentum of the train, the engine appeared to leap nearly across the abyss, plunged into the soft earth on the opposite side and fell back to the bottom. Engineer Butler and fireman Adams were thrown from the cab, but not seriously hurt. The express car and the first chair car were telescoped. The emigrant car followed by two chair cars, went down on the left side of the track and the first sleeper pitched forward on the mass of debris. Its windows and trucks were broken, but none of the occupants were injured. The remaining cars also left their trucks, but were not badly damaged.

It was in the emigrant and day coaches that most of the deaths and injuries occurred.

WARTS AND WEEDS.

THE DIFFERENCE BETWEEN WISHING AND WORKING.

It is popularly believed that warts can be wished away. But the farmer who sat down and tried to clear his field by wishing the weeds away would soon find his crops gone. It takes working to get rid of weeds, and the man with the hoe must put in many a long day before he can take a well-earned rest.

It is a singular fact that a great many people treat certain forms of disease as warts are said to be treated—by wishing. This is especially so in the case of coughs. "I wish this cough didn't bother me so," they say. "I wish my cough didn't keep me awake so much," and so on. It never seems to occur to them that it takes active measures to get rid of a cough; that a cough is like a weed, growing right along, and the longer it grows the deeper it strikes its roots.

If a man heard the alarm of a rattlesnake near by he'd jump aside at once to avoid the attack and then seek to find and destroy the dangerous reptile. The cough is a danger alarm as much more significant than the rattle of the snake as the disease it heralds is more dangerous than the snake bite.

FEW PEOPLE ARE KILLED

by snake bites each year. Consumption slays its thousands and tens of thousands annually and it is the fatality of consumption which makes the cough that heralds it a danger signal to be promptly heeded. Don't wish the cough would stop. Stop it!

"I had long been a sufferer from chronic catarrh of the head," says Chas. T. Stone, Esq., of Whitford, Chester Co., Pa. "About last May it developed into a very disagreeable and hacking cough, with soreness and fullness of the chest. Doctors here pronounced it bronchitis. I tried several doctors and took different remedies without receiving any benefit whatever. I then consulted Dr. R. V. Pierce, in reference to my case. The first bottle of his 'Golden Medical Discovery' stopped the cough. I used several bottles, with Dr. Sage's Catarrh Remedy, and have since had no symptom of a return of the cough."

"Last spring I had a severe attack of pneumonia which left me with a very bad cough, and also left my lungs in a very bad condition," writes John M. Russell, Esq., of Brent, Cherokee Nat., Ind. Ter. "I had no appetite and was so weak I could scarcely walk. My breast was all sore with running sores. I got two bottles of Dr. Pierce's Golden Medical Discovery which I believe saved my life. I cannot express my gratitude to you. I am able now to do very good work."

The surest way to stop a cough is to use Dr. Pierce's Golden Medical Discovery. It cures obstinate and deep-seated coughs, bronchitis, bleeding of the lungs and other diseases of the organs of respiration, which if neglected or unskilfully treated find a fatal termination in consumption. In hundreds of cases a cure has been effected by the use of "Golden Medical Discovery" after all other means and medicines had failed to benefit and doctors had said, "There is no hope."

DON'T GIVE UP HOPE.

Let every one who suffers from respiratory and pulmonary diseases cherish hope until Dr. Pierce's Golden Medical Discovery has been given a fair and faithful trial. It always helps. It almost always cures. Ninety-eight per cent. of those who use "Golden Medical Discovery" find in it a perfect and permanent cure. Even the two per cent. acknowledge benefit and help from the use of the medicine.

"I want to say a word in favor of your grand medicine," writes Mrs. Priscilla Smail, of Leechburg, Armstrong County, Pa. "About three years ago I was taken with a bad cough; had night-sweats; would take coughing spells and have to sit up in bed at night for an hour at a time. When I would walk up hill I could hardly breathe; would get all stopped up in my throat. I did not try any doctor but I saw the advertisement of Dr. Pierce's Golden Medical Discovery and decided to try it. I took three bottles which cured me. Whenever people tell me they are sick I say to them, 'Why don't you get Dr. Pierce's medicine? It cured me and will cure others.'"

A GREAT FREE OFFER.

Persons suffering from chronic forms of disease are invited to consult Dr. Pierce by letter, *free*. All letters are held as private and their contents guarded by the same strict professional privacy observed by Dr. Pierce in personal consultations at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

This offer is not to be confounded with those offers of "free medical advice," which are made without any evidence of medical qualification or professional standing. For more than thirty years Dr. Pierce, as chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., assisted by his medical staff of nearly a score of physicians, has treated and cured many thousands of men and women who had been given up by friends and physicians as incurable.

Dr. Pierce's success has been founded on the fact that he cures so-called "incurables." There are thousands of men and women to-day, living in the enjoyment of perfect health, who bless the day when they wrote the first letter to Dr. Pierce. Who can wonder that these people are enthusiastic over Dr. Pierce's medicines and advice? Write to Dr. Pierce. It may be to you as it has been to many others—the first step to health.

Dr. Pierce's Golden Medical Discovery contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It is a true body-building, flesh-forming, strength-giving medicine.

Sometimes a dealer tempted by the little more profit paid by less meritorious preparations, attempts to sell a substitute medicine as "just as good" as Dr. Pierce's. The only way in which to get the cure you seek is to insist upon the medicine which cured others, Dr. Pierce's Golden Medical Discovery.

A GOLD MINE FOR 21 CENTS.

Who wouldn't jump at such a chance? Yet "wisdom is better than gold," and that mine of wisdom, Dr. Pierce's Common Sense Medical Adviser, 1008 large pages (in paper-covers), is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. For the cloth-bound volume send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

REV. DR. SWEENEY OFFICIATES.

The marriage was performed last night by Rev. Dr. Sweeney at his home on Eleventh street. It was witnessed by Titus Hale, an old friend of the groom and a well known citizen of East Oakland, whose home is at 1281 Twenty-third avenue and who acted as best man. The bridesmaid was a Miss Black, a friend of the bride, from San Francisco.

A dinner followed and finally Mr. and Mrs. Laird started on a wedding tour which will occupy ten days and which will come to an end in the new abode in San Francisco.

Mr. Hale made the application for the marriage license, and it was through him that the marriage was brought about.

WOOING AT SIXTY-EIGHT.

Mr. Hale is 61 years of age and is in excellent health. He is a widower, the father of six children, two of whom are married. Speaking of the mating Mr. Hale said today:

"The couple became acquainted at my house. No, I did not act as 'match-maker.' I simply gave a party at my house and invited both Mrs. Knight and Mr. Laird. He and I are pretty lively fellows, even if we are not young any longer. We like the company of gentlemen and ladies, too. I gave some more parties, and both Mr. Laird and Mrs. Knight were there. Was it love at first sight? I don't think it was. Of course, Laird met her and then he got to escorting her home, and the first thing I knew they were engaged. He thinks an awful lot of her and she just loves him. If Mrs. Knight were a divorced woman, Laird would not have had a thing to say to her. He does not and Mrs. Knight does not belong to Dr. Sweeney's church. She wanted to be married by an Episcopal clergyman, but the clergyman is not in town now. Mr. Laird has not one theological idea. He is a member of no church. I heard Dr. Sweeney preach once and he said that a man could be good in any church and that suited me. I thought he was a liberal man, and Mr. Laird said Mr. Sweeney would do to perform the ceremony.

THE FORMER HOME.

"Mrs. Laird until last night lived with the family of her uncle, Thomas Crandall, who resides at 675 Kennedy street. Mrs. Laird is not a blonde nor a brunette. She is half-and-half. She was a shorthand woman for a San Francisco firm, but I do not know the name. Good luck to them."

NO MATRIMONY FOR HALE.

From the cheery manner in which Mr. Hale spoke the reporter inferred that he would soon emulate Laird's example, but this Hale denied.

"No, sir," he exclaimed, "no more marriage for me. Laird is 68, it is true, and I am 61. I am hale and happy and contented, but Laird looks as if he were only 40, only 40, sir," and then Hale passed on.

INSURED.

YOU insure your house against fire. You know what people would say if it burned down without insurance. They would say you were wanting in business sagacity, that you should have provided for this. Now leave house insurance and consider clothing insurance. Here the danger is even greater—not from fire, but from the chemicals and strong soaps used in the laundry. Wise women insure their finer, more delicate and perishable things against this risk, and the premium they pay is the trifling cost of Ivory Soap. That guarantees protection.

IVORY SOAP—IT FLOATS.

Edna Wallace Will Not Inherit the Dunsmuir Millions Through Her Mother.

Edna Wallace Hopper, who was stricken with grief by the sad death of her mother, Mrs Dunsmuir, is still confined to her bed and is in so serious a condition that she may not be able to attend her mother's funeral, which will be held tomorrow morning at 11 o'clock from St. Francis de Sales' Church in this city. Mrs. Hopper is still at the Dunsmuir home, near San Leandro, under the care of Dr. Thorne.

It was generally supposed that, at her mother's death, Mrs. Hopper would inherit the wealth of her stepfather, the late Alexander Dunsmuir. This, however, appears not to be the case. When Mr. Dunsmuir died he left a will devising and bequeathing to his brother, Hon. James Dunsmuir of Victoria, B. C., all his property, both real and personal. He had previously exacted from his brother a promise that he would always provide for his widow.

When Alexander Dunsmuir died, James Dunsmuir filed the will and it was probated in British Columbia and subsequently proved in San Francisco. Under it the widow received nothing, and there was some talk of a contest, but an agreement was entered into between the widow and the brother, wherein the latter agreed to pay to Mrs. Dunsmuir $25,000 a year as long as she might live. It was estimated that this would mean more than $300,000, provided that she might live the allotted three score years and ten, but she was taken off after she had been paid only $39,000.

Before the late capitalist's death he gave his wife property sufficient to make her comfortable for life independent of the yearly $25,000. Among this property was the beautiful Dunsmuir home and ranch, consisting of 315 acres of valuable rolling foothill land near San Leandro. This and her mother's other holdings will go to the actress, but she will have no share in the millions left by the capitalist, for under the terms of her mother's agreement with James Dunsmuir, the $25,000 annuity was accepted in full satisfaction of all inheritable interests.

There were many callers at the Dunsmuir home yesterday, but Dr. Thorne refused to allow any of her friends to visit the sick woman. Toward night, however, her attorneys were allowed to see her and the arrangements for the funeral were then completed.

The funeral will be held at St. Francis de Sales' Church, Oakland, where solemn high requiem mass will be celebrated for the repose of the soul by Rev. Father O'Mahoney of the San Leandro Parish, of which Mrs. Dunsmuir was a member. The hour for the funeral was fixed for 11 o'clock to allow time for the arrival of relatives, who are on their way from British Columbia.

MRS. BRANDES TELLS HER STORY

Claims She Is Responsible For the Death of Her Step-Daughter.

Mrs. Brandes, wife of W. A. Brandes, who is on trial on a charge of beating his daughter to death, has made a statement that she is responsible for the child's death. This is what she says:

"Yes, it is true that I made a statement to Mr. Horner with reference to the occurrences of Wednesday evening, the 16th of November, 1898, and they are substantially correct. There had been more or less jealousy between the child and myself from the time that Lillian came to live with us. Upon this Wednesday evening she took me to task for having accused her of stealing money, and after some words she picked up a knife and attempted to cut me.

"I grabbed a poker, and after she had succeeded in cutting the sleeve of my dress I knocked the knife out of her hand by striking her arm with the poker. She then grabbed hold of the poker and we scuffled and she succeeded in getting the poker away from me.

"She struck me and I grabbed hold of a piece of hose, and, to defend myself struck her about the body and over the head several times. As she attempted to strike me again with the poker my son Milton grabbed it out of her hand from behind."

BANKS OBJECT TO STOCK ASSESSMENTS.

Suits have been filed by the First National Bank and the Union National Bank to enjoin County Tax Collector Barber and City Treasurer Taylor from collecting taxes levied upon bank stock held by the directors. The tax was provided for at the last session of the Legislature. The banks, however, claim the law is unconstitutional. Judge Ellsworth has granted temporary injunctions in the suits.

Similar suits were brought last year to recover taxes that had already been collected.

GOOD RECORD MADE BY ROSEDALE PUPIL.

Lizzie G. Geary of the Rosedale School received 95 7-12 per cent in her examinations. This is the highest mark received by any pupil in the county. Edward E. Kennedy was the next highest. Miss Geary is the first pupil to graduate from the Rosedale School, which was founded in 1876. Most of the pupils who have attended the school have gone to other places to complete their studies.

OAKLAND HARBOR NEWS NOTES.

Many Strikers Are Now Seeking Positions at the Various Shipyards.

"It is a downright shame that when men look for work they cannot secure it," said Alex Wright of Hay & Wright's shipyards, yesterday, "but we are turning men away every day, notwithstanding the prosperous times. Hardly a day passes now that we do not have from half a dozen to a dozen men apply for work of any kind, but we have not work for them and are compelled to turn most of them away, no matter how much it may grieve us. Of course, this is a dull time of the year and all the shipyards have let out men, but I think the various strikes are in a large measure accountable for the great number of idle men. Still, it is too bad from whatever cause it may come. I say that when a man wants to work he ought to have an opportunity to do so."

Mr. Wright was discussing the fact that he had recently discharged 150 men and that Dickey's shipyard had also discharged a number of men because there was no work for them during the dull season. Since then, he says, the strike has been declared and the number of men who apply for work at the shipyard is amazing. To avoid discharging a lot of others, and at the same time utilize the odds and ends of lumber that gather in a shipyard from the various contracts, Hay & Wright are building a large lighter, or barge. This gives employment to the present force when it is not otherwise engaged, the work being done by piecemeal.

Scene of Activity.

Notwithstanding the complaint of a dull season, there is a scene of activity at all the shipyards, and one unacquainted with the business would suppose that it is unusually lively.

At Hay & Wright's shipyards the two-masted schooner Abbie has been placed upon the ways for repairs. She will have minor repairs made on her keel and deck and will be scraped and re-painted.

The two-masted schooner Mary Sachs, recently returned from a cruise to the South Sea Islands, is being supplied with a copper bottom, preparatory to going upon another scientific expedition.

The steam schooner Redwood, recently launched at Dickey's shipyards, is still lying at the dock. Her machinery cannot be set up until the conclusion of the ironworkers' strike.

Yachts Repaired.

One of the busiest firms on the water front nowadays is that of J. C. Beetle & Co., boat builders. Small craft of all kinds are being constantly turned out, and at this season many of the yachts in the harbor are undergoing repairs.

The yacht Albert, the property of T. Kendall, and one of the fleetest sailing vessels upon the bay, is being repaired by Beetle. She was placed upon the ways at Hay & Wright's shipyards.

The keel of the new steam schooner Oakwood has about been completed at Dickey's shipyards and the workmen are now engaged upon her cabin. She is similar in design to the schooner Redwood, but is smaller. It is expected that she will develop more speed than her sister vessel.

LOCAL ELKS TO MEET LOS ANGELES PLAYERS.

Next Sunday at 12:30 o'clock the local Elks' baseball team will play a team of Elks from Los Angeles. This will make the third game played in this city between the local team and visiting Elks. The Stockton and Santa Rosa teams were each defeated by the local team.

The local nine will be made up partly as follows: G. W. A. Blethen, pitcher; W. Dean, first base; Cal Ewing, second base; Beach Dean, shortstop; Harry Platt, third base; N. P. Sessions, left field; Geo. Uhl Jr., center field; Geo. Wyams, catcher. There are several applicants for right field.

CHATTEL MORTGAGES FILED FOR RECORD.

I. B. Tucker has mortgaged some horses on Mrs. Henry's ranch in Collier Canyon to N. D. Dutcher for $200 until November 1st at the rate of 2 per cent a month.

A. R. and Ella M. Savage have mortgaged a stock of paints, oils and glass at 822 Telegraph avenue to W. E. Barnard for $250 for a year at 1 per cent a month.

Ernest S. and Belle C. Watrous have mortgaged their furniture at 2106 Kittridge street, Berkeley, to Charles McCarthy for $400 for thirty days at 2 1-2 per cent a month.

SPORTING NEWS OF THE WEEK.

J. Cal Ewing's Men Must Work Harder—Yachtsmen Plan For the Race.

The Acme Club formally opened its new club rooms on Broadway Monday evening. The following nominations for permanent officers were made and will be voted upon at the next meeting: President, W. H. L. Hynes; vice president, A. H. Agnew; secretary, G. Westphal; treasurer, L. W. Hardie; directors, Justice J. W. Stetson, C. S. Hannan, W. F. Fredericks, A. Bedbury, and L. Sterling.

There will probably not be any contest for the offices, outside of directors. The president, vice-president, secretary and treasurer will be ex-officio directors. Three others are to be elected. A constitution and by-laws will be adopted at the next meeting of the Club. The roll now contains about one hundred names.

J. CAL EWING'S MEN OUT FOR THE PENNANT.

The Dudes will play the Los Angeles team tomorrow at the latter's grounds. If the Oakland team is to better its standing in the League, the team must give Pitcher Hodson better support. Hodson has been pitching excellent ball, but errors on the part of other members of the team have lost the games.

Hodson in the East won for himself the sobriquet of "Monkey," owing to his amazing tactics on the coaching line. During the last games the team played he gave an exhibition of his capabilities in this line. He and "Youngy" Johnson should prove a strong drawing card on the coaching line.

Manager Harris was fined $250 by the League management on account of the failure of his team to finish the game with Oakland Sunday. Harris, in turn, fined Whalen for his conduct on the field. Iberg and Evans were fined for not being in attendance at the game so they could have relieved Whalen when he was ordered off the field by Umpire Tyler.

In order to prevent tedious delays, Umpire Tyler has made a rule that the players shall be allowed only ten seconds to go to the bat. The League management is standing back of Tyler and will see that his rulings are enforced.

Manager Lohman is having his usual ill-luck with his players. "Truck" Eagan is confined to his home with a sprained ankle and will not be able to play in the next series. Moskiman has just recovered from his injured leg. Held has gone to his home in Los Angeles on sick leave.

Streib will play first base in the series with Los Angeles. Moskiman and Babbitt will alternate in right field.

San Francisco and Sacramento will play a series of five games commencing tomorrow.

YACHTING MEN PLAN FOR THE ANNUAL RACE.

The members of the California Yacht Club are making preparations for the annual race for the Wallace trophy, which is to be held July 4. Several yachts will take part in the event. Some of the yachts have been undergoing alterations and overhauling with a view to fitting them better for the race.

The Edna, owned by E. F. Sagar, is considered the most formidable competitor for the trophy. This yacht has already won the trophy four times. The Whirlwind, formerly owned by the late Captain E. A. Von Schmidt, won the trophy twice.

Other yachts that have excellent chances of securing the trophy are F. V. Greene's Alert, John Carrier's Jessie E. The latter is now on the ways undergoing alterations that will increase its sail plan. Police Sergeant Charles Clark will not be able to sail the Gypsie in the race, owing to the fact that he will have to march in the parade on the Fourth.

Commodore S. S. Marshall and party have returned from an up-river cruise on the Thalma.

Captain George E. Miller and party were out in the Occident Sunday.

Charles Clark, J. J. Hamlin Jr. and Jack Sherry visited the Cliff House Sunday on board the Gypsie.

Captain A. M. Clark and daughters, Misses Edith and Roberta Clark, and Geo. Emmons left Saturday on the Pactolus for an up-river cruise. They will return Sunday.

Captain L. I. Gale and party took a cruise about the bay and across the heads Saturday and Sunday on the Secret. The yacht left Saturday evening and anchored over night off Sausalito.

Captain W. G. Wight and party were out in the Aloha Sunday.

PARENTS WILL VISIT THE Y. M. C. A. BOYS IN CAMP.

Secretary McManis of the local Y. M. C. A. is down at Camp McCoy, in the Santa Cruz mountains, and the chief purpose of the trip is his desire to arrange for a family excursion to the camp for July 11th, in order that parents may visit their boys in camp before the same closes, which will be on July 17. Secretary McManis felt very sanguine when he left yesterday, and it is most likely that he will succeed in arranging the excursion.

AMATEURS PLAY A TWELVE INNING GAME.

The baseball game between the J. P. Maxwells and the Koenigs, played at Golden Gate last Sunday, was one that would do credit to professional players. The game in the first place was errorless. Twelve innings had to be played, and then the score stood 4 to 3 in favor of the Maxwells.

Russells and Walters were the battery for the victorious team, while Perine and Bercovich did battery work for the Koenigs.

There were five hits off Ronsell and six off Perine, and H. Platt umpired the game.

Silent Sufferers

West Lebanon, Ind., March 28, 1900.

I have suffered for years with female trouble and have had five of the best doctors in the country, but found no relief until I tried your Wine of Cardui, which has done wonders for me. I will gladly recommend it to any lady. I owe my gratitude to your good medicine. EMMA JOHNSON.

It is astonishing how many apparently healthy women there are who suffer in secret. Even their nearest friends do not know how little life means to them. If you are a silent sufferer Miss Johnson's testimonial should be full of encouragement for you. Her case ran along for years, before she took Wine of Cardui. But she soon secured relief from those terrible dragging pains which were saddening her life. Miss Davis waited ten years before taking

WINE OF CARDUI

which made her "feel like a new woman". Female suffering is playing havoc with women, making them faded and old before their time. It will do that for you if you don't stop the trouble. Why do you suffer another day? Your pain is unnecessary. Delay invites dangerous complications which soon become incurable. Ask your druggist for a $1.00 bottle of Wine of Cardui and secure complete relief by taking it in the privacy of your own home.

Robberson, Ind. Ter., Mar. 23, 1900.

I have been in bad health for about ten years and consulted with doctors but they did me no good. After using two bottles of Wine of Cardui and two packages of Thedford's Black-Draught I feel like a new woman. LAURA DAVIS.

WEDNESDAY .....JUNE 26, 1901

SOME FACTS ABOUT WATER.

During the discussion the other night every member of the Council expressed himself in favor of a municipal water plant, but when they looked about to see where the city could acquire one they were, to use a slang term, up against it. True, Wallace said something about getting a subterranean supply at Roberts Landing, but that project has been so thoroughly exploded that it would be midsummer madness to bond this city to carry out a scheme so chimerical. Even the last Council gave it up as no longer worthy of serious consideration, and all the Councilmen save Wallace said it was a vain idea that promised no fulfillment but failure.

The fact is the available sources of water supply in this vicinity have become the property of two corporations. Aside from Pinole Creek and artesian wells, these corporations have all the water obtainable in large quantities. Artesian wells are too precarious to think about because the subterranean supply is now being heavily drawn upon, and can always be tapped by anyone sinking a well in the basin. While the supply cannot be enlarged the drafts upon it are steadily increasing, thus diminishing the amount that may be obtained at any one point. Besides, the experience of the Oakland Water Company demonstrates that it is almost impossible, under the most favorable conditions, to develop an artesian supply sufficient at all times for the needs of Oakland. It is conceded that the Dingee wells are situated at the most advantageous point in the whole artesian basin. With thirty of them pumped to practically their full capacity, a steady supply of only about 6,000,000 gallons daily was developed. This is insufficient for the present needs of Oakland. Where else can an equal supply of artesian water be obtained, in view of the fact that it must come from the same subterranean source?

It has been demonstrated that the supply which might be developed at Pinole would be insufficient in quantity and would cost more than the valuation placed on Contra Costa water by Judge Hart.

Alameda creek and the tributaries have been monopolized by the Spring Valley Company, while the Contra Costa Company owns the San Leandro and Temescal water sheds and the Pleasanton sink. The enormous cost of land and water rights and land damages places San Lorenzo creek out of the question.

Where, then, is Oaklnad to obtain an independent water supply? This question cannot be answered by denouncing the Water Company or complaining about the rates. It is a question of physical possibility and not of theory or expediency. Whether municipal ownership is or is not the correct thing does not enter into the solution of the problem. Neither does the expediency of uttering a bond issue at this time for water works. The two first and foremost questions to be considered are: Where will you get your water and what will it cost to get it? Would any man with any claim to business judgment dream for a moment of spending millions at either Roberts Landing or Pinole creek? What business man would look upon either project as other than a wildcat speculation promising no commensurate return?

The principle of municipal ownership is not to be served by grasping after shadows and spending money on empirical schemes exploited for private gain at the public expense. It could be struck no harder blow than to spend two or three millions on some abortive project that would leave the city loaded with debt and with an inadequate water supply. The facts of the situation may as well be faced at the outset. They will compel attention in the end, and it will be better to keep them in view from the start. To do otherwise is like running blindfolded up a dark alley.

RECLAIMING ARID LANDS.

While government experts and theorists are figuring on how to induce Congress to make enormous appropriations for the irrigation of government lands in the unwatered parts of the Pacific States, the information leaks out, in a lawsuit now engaging the attention of the English courts, that private enterprise has been highly successful in Nevada in redeeming arid tracts. With the legal action we have nothing to do, but the manner in which the lands were made use of is higly interesting and affords an object lesson to the irrigationists of our own State.

An engineer on the Comstock became familiar with the country in Eastern Nevada through his employment by the United States Land Department in making surveys there. He decided that there was a great opportunity to raise cattle on a tract in Squaw Valley, 100 miles by twenty-five miles in area—a place at the time certainly as unpromising as could be imagined. With the aid of other capitalists he began the work of reclamation and spent thirteen years on the ranch. The engineering was expensive, but great storage reservoirs were constructed and irrigation ditches were provided, which in the end made the property of such value that English capitalists sought and obtained control. It is with the wrecking of the institution that the present suit has to do, which demonstrates the danger of bringing in foreign capital that can have no personal interest in building up a community.

The point is, however, that without a dollar of government aid an immense tract of land, heretofore deemed of no value, has become one of the best cattle ranges in the country lying between the Rocky Mountains and the Sierra Nevadas—a region termed by Fremont the "Great American Desert." Now what was done in this instance could be repeated in Southern California and in the section lying East of the Sierras in Lassen, Plumas and Modoc counties. As long as the people who own the property there wait for government assistance to redeem their holdings from their present sterility, the land will be idle, for the Federal authorities simply will not do a thing—there really is no reason why they should. The owners will have to organize in districts, employ competent men, and bring the water from the mountains to the lands. There is water enough, never fear, for most of the streams in the regions noted are not utilized and hundreds of thousands of inches of water can be had for the taking, but it will cost money to get it.

GOOD NEWS FOR FRUIT MEN.

People generally do not realize the value of the United States Weather Bureau to the public, but the citizens of the State of California would be very ungrateful if they did not acknowledge all the good the institution has done for them. Aside from the fact that the populous State of New York has only three first-class weather stations, while this State has twelve, the chief of the Agricultural Division has just notified the local observer that we are to have a fruit service that will be unapproachable from any point of view.

It is announced that a special fruit service is to be established at San Jose, Riverside, Lodi, Cloverdale, Santa Rosa, Anderson, Palermo, Corning, Calistoga, Willows, Newcastle, Vacaville, Davisville, Merced, Hanford, Porterville, Hollister, Santa Maria, Stockton, Ventura, Mendota and Napa.

This will be of the utmost importance to the farmers as well as the orchardists of the San Joaquin and the Sacramento valleys as they will now be enabled to receive timely information of weather conditions that may mean millions of dollars to them. The service has proved invaluable to the raisin men and there is every reason to believe that it will be of no less service to the great wheat and fruit-growing industries. At any rate it is apparent that this part of the United States is not overlooked by the authorities at Washington.

WELCOME FOR GEORGE SAMUELS

Grand President and Rabbi Friedlander Well Received in the North.

The Portland Oregonian says: George Samuels of Oakland, Cal., grand president of the Independent Order of B'nai B'rith for the fourth district, comprising California, Oregon, Washington, Idaho, Montana, Nevada, Utah and Arizona, arrived in the city yesterday on an official visit to the four local lodges of the order. Accompanying Mr. Samuels was Dr. M. Friedlander, grand orator, who also lives at Oakland.

Grand President Samuels is Assistant District Attorney of Alameda county, California, and is also a representative to the supreme lodge of the Knights of Pythias from the grand lodge of California. After leaving Portland he will go to Washington and Montana, and visit the lodges of the order there. The membership in Mr. Samuels' district is about 2,200, or a little less than one-tenth of the total membership of the order in the United States.

Last night the four local lodges of the B'nai B'rith held a joint meeting, and tendered a reception to Mr. Samuels and Dr. Friedlander, both of whom made addresses.

The objects and purposes of the order of B'nai B'rith were explained to an Oregonian reporter yesterday by Dr. Friedlander, who said:

"The order is a child of this country. It originated here, but has since spread to foreign countries. The Jewish people recognize that this is an institutional government. They felt the need of a universal organization. Thus the Independent Order of B'nai B'rith sprang into existence. Its objects are two-fold: (1) philanthropic and (2) self-protective.

"The philanthropic work of the order consists in mutual aid and assistance in time of sickness or death, for which there are special funds. There are also special funds for the maintenance of charitable institutions.

"The self-protective feature of the order, embracing the higher ideal of fraternity, consists of concentration and consolidation of the Jewish influences of the country. Among its objects is to bring a closer understanding with our fellow citizens at large, and a higher conception of American citizenship among our own people."

Grand President Samuels supplemented Dr. Friedlander's statement by saying that one of the principal objects of the order in later years has been to find places for Jewish emigrants, so that they may become self-supporting and in no case become a burden upon any community. Moreover, he said, the order aims so to place these immigrants that their presence may not be particularly noticeable in any one place. The Portland lodges, following out this plan, have disposed of twenty-eight immigrants within the past year.

There is an insurance feature to the order also, but it is of secondary importance and membership in it is not obligatory upon members of the order.

Mr. Samuels expressed himself as being highly pleased with Portland, and impressed with its wonderful commercial advantages. This is his first visit to this city.

DEATH SUMMONS MRS. MARGARET BUTTON.

Mrs. Margaret M. Button, widow of the late Orando Button and mother of School Director Fred L. Button, died shortly before 3 o'clock this morning at her home, 568 Thirty-fourth street.

Mrs. Button, who was well along in years, had not been enjoying health for quite a while, and her death is attributed chiefly to a general breaking down of the system. She had been suffering from catarrhal troubles and other complications.

Mrs. Button was a woman of a most lovable and charitable nature. All speak in highest praise of her many noble traits. She was a native of Geneva, New York, 74 years old, and had been a resident of Oakland the past thirty-seven years.

The funeral arrangements have been made for next Friday and will be held from the Trinity Episcopal Church. The interment, in Mountain View Cemetery, will be private.

BOOTBLACKS BANQUET AND JOIN FEDERATION OF LABOR.

The Bootblacks' Union was admitted to the American Federation of Labor, last night at Foresters' Hall, and after the delivery of the charter by C. D. Rogers, State President of the American Federation of Labor, and P. B. Preble, a banquet was served by the new union.

The Bootblacks, will at all events have no bosses to make demands upon, but their demand will directly strike the public. It is understood that they will raise the price per shine from 5 to 10 cents, and will decide upon a day of rest.

The officers of the local Union are President, A. Ambrose; vice president, L. Guaragnia; financial secretary, A. G. Pergerson; treasurer, A. Cavagnaro; sergeant at arms, Milton Johnson; trustees, W. M. Breeden, L. Valentine and William Beslor.

MRS. EDHOLM OPENS A RESCUE HOME.

Mrs. Charlton Edholm, for many years a writer for local papers, after years of work as a rescue evangelist, speaking in nearly all the prominent cities of America and in Canada, England and Europe, has because of broken health settled down in her former home, 1478 Twenty-second avenue, Oakland. This she has now dedicated to rescue work for friendless girls, deserted wives and babies, and because the word rescue carries a little stigma to those needing help, she christened the home the Lucy Charlton Memorial, in memory of her mother, who was for years a member of the Brooklyn Presbyterian Church and the Woman's Christian Temperance Union.

Almost Lost His Life.

W. J. Smith, while on a recent visit to Mt. Tamalpais, wandered from the trail and lost his way. Darkness overtook him and he was obliged to remain in the woods all night exposed to the cold winds which prevailed. After spending another day and night in a vain endeavor to reach a place of habitation, he fell exhausted. A party of campers happened to see the prostrate form of Smith, and after reviving him with a good drink of Gilt Edge Whisky, Smith went on his way rejoicing.

A SORRY SIGHT

It is, to see a strong man shaken like a reed by a paroxysm of coughing, which leaves him gasping for breath. People have suffered with bronchial affections for years, with obstinate, stubborn cough, and growing weakness. They have tried doctors and medicines in vain. At last they have been induced to try Dr. Pierce's Golden Medical Discovery, with the general result experienced by all who put this wonderful medicine to the test—help at once, and a speedy cure.

For coughs, bronchial affections, weak lungs, spitting of blood, and other diseases of the organs of respiration, "Golden Medical Discovery" is practically a specific. It always helps; it almost always cures.

"I had been troubled with bronchitis and catarrh of the head for eight years; had severe cough, and at times great difficulty in breathing," writes J. W. Howerton, Esq., of Bigfall, Hancock Co., Tenn. "A portion of the time my appetite was poor and part of the time I was unable to do anything. I had been treated by our best country physicians for several years but with little benefit. I had been reading about your medicine for a long time but hadn't much faith in it. Last spring concluded I would try it, and before I had taken one-third of a bottle of Dr. Pierce's Golden Medical Discovery I began to mend. I continued taking it until I had taken several bottles. Took Dr. Pierce's Pleasant Pellets also. Now I feel like a new man, and can do as hard a day's work as any one."

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for paper covered, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N.Y.

A SORRY SIGHT

It is, to see a strong man shaken like a reed by a paroxysm of coughing, which leaves him gasping for breath. People have suffered with bronchial affections for years, with obstinate, stubborn cough, and growing weakness. They have tried doctors and medicines in vain. At last they have been induced to try Dr. Pierce's Golden Medical Discovery, with the general result experienced by all who put this wonderful medicine to the test—help at once, and a speedy cure.

For coughs, bronchial affections, weak lungs, spitting of blood, and other diseases of the organs of respiration, "Golden Medical Discovery" is practically a specific. It always helps; it almost always cures.

"I had been troubled with bronchitis and catarrh of the head for eight years; had severe cough, and at times great difficulty in breathing," writes J. W. Howerton, Esq., of Bigfall, Hancock Co., Tenn. "A portion of the time my appetite was poor and part of the time I was unable to do anything. I had been treated by our best country physicians for several years but with little benefit. I had been reading about your medicine for a long time but hadn't much faith in it. Last spring concluded I would try it, and before I had taken one-third of a bottle of Dr. Pierce's Golden Medical Discovery I began to mend. I continued taking it until I had taken several bottles. Took Dr. Pierce's Pleasant Pellets also. Now I feel like a new man, and can do as hard a day's work as any one."

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for paper covered, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N.Y.

LIVELY TIME PLANNED FOR THE FOURTH.

Committees Make Encouraging Reports at Meeting of the Merchants' Exchange.

AIDES ARE NAMED BY THE GRAND MARSHAL.

The room of the Merchants' Exchange was packed last night by members of the Executive Committee of the Fourth of July celebration and citizens interested in the successful carrying out of this project. The meeting was as enthusiastic as it was numerously attended. The financial pile was shown to be climbing up to the $4,000 apex, and some of the members said that the indomitable Gier would run it up to a $5,000 height before the day of the celebration.

COMMITTEE REPORTS.

Every committee reported matters in hand as well under way and, as a consequence, there was not a soul present who did not realize that Oakland was justified in throwing open her gates and welcoming thousands from all sides with the guarantee that she was going to have a celebration of the national holiday such as had never been witnessed in this vicinity before.

PATRIOTIC LADIES.

Early in the evening a delegation of ladies of Lyon W. R. C. appeared at the request of Craigie Sharp of the Committee on the Entertainment of Visiting Soldiers. They comprised Mrs. Morrill, Mrs. Coleman and Mrs. Dorety.

WILLING TO SOLICIT.

Mrs. Morrill said that Lyon Corps, W. R. C., was the only organization that had agreed to undertake the work of soliciting supplies with which to feed the invited soldiers. It was a big thing to feed 2,000 hungry men. The ladies would not act as a corps but as individuals. Some of the Appomattox ladies might aid in soliciting also. The ladies would solcit, and were soliciting, meat, bread, doughnuts and other things. But they would not incur any indebtedness. If an indebtedness were necessary, they wanted to know who was to pay the bills.

THEO. GIER'S OFFER.

Treasurer Gier said that if the ladies would consult with him when it became necessary to incur indebtedness, the matter could be attended to.

EXPENSE ANTICIPATED.

W. Arper said that he calculated ey would have at least $150 for e had made an allowance in his of expenses.

PLACE FOR LUNCHEON.

Dorety said they would like to the tabernacle cleaned out several days before the dinner. The tables should also be put up so that the ladies could begin to set them the day before the lunch.

Mr. Arper said that the owner of the tabernacle, F. M. Smith, was in the East and would have to be telegraphed to for permission to use it. He expected to have an answer on Friday, and the ladies would be notified of the fact through the press.

A. Salinger said he thought it would be preferable to have the lunch served on the shore of Lake Merritt.

Mrs. Coleman said that the ground was uneven. It would be difficult to keep the coffee warm. Besides, there was a great deal of dust and the wind was sometimes very strong. They would prefer to have the lunch spread in the Tabernacle. They would expect some gentlemen to aid in pouring coffee.

It was decided that the Tabernacle would be the best place in which to serve the lunch.

WELCOME LADY SOLICITORS.

The ladies suggested that the press request ladies to be prepared to respond to calls for contributions of food and to join the band of ladies who are making a canvass with that end in view.

DONATIONS PROMISED.

The following were given as among those who had already agreed to contribute to the supply of money and food to aid in feeding the military men:

Bread, six loaves each—Mrs. Gaskill, Mrs. Jones, Mrs. Ebbison, Mrs. Ham Coleman, Mrs. Young, Mr. Simons, Mr. Merrick.

Butter—Smallman & Co., two squares; Oakland Creamery, two squares; Mason & Co., two squares; Mrs. Gaskill, Mrs. Kirk, Mrs. Hostetter, Mrs. Read, one square each.

Meat—Mrs. A. L. White, Mrs. J. Valentine, Mrs. Dr. R. Williams, Mrs. Tubbs, Mrs. Kramm, one ham each; Mrs. C. H. King, one tongue; Mrs. Frank Rennie, one veal loaf; Mr. Shafter, one quarter lamb; City Hall Market, corned beef; Co-operative Store, one ham; Mrs. H. Coleman, three cans deviled ham; Mrs. M. E. Coleman, one tongue.

Cash received—Mrs. Fred Stratton, $5; Dr. Wilcox, $1; Dr. Sill, $1; Miss Hattie Chapman, $1; Mr. Muehe, $1; Mrs. James Johnson, 50 cents; Mr. Sampson, 50 cents; Mrs. Ham Coleman, 50 cents; Mrs. Gehring, 50 cents; Mrs. J. Hamelin, 50 cents; Mrs. S. Blank, 25 cents; J. H. Dorety, Jr., 25 cents.

Pies—J. Seulberger, one dozen; Mrs. Hugh Cameron, 3 pies.

Fruit—Mr. Damon, 1 basket; 115 San Pablo avenue, 1 basket; Merriam & Company, 1 basket.

Doughnuts—White & Company, 3 dozen.

Harry Williams offered coal to boil the coffee.

MUST NOT GO AWAY HUNGRY.

It will take several thousand pounds of viands to feed a couple of thousand soldiers and, as a consequence, there is still a chance for patriotic housewives and merchants to show their liberality and their national spirit. Every guest will be a stranger and the determination is that no man shall go away with the feeling that he has not been hospitably entertained.

MONEY POURING IN.

Treasurer Gier reported that he had collected $3,000 and that money was coming in much more easily than it had come in before. There was a better spirit displayed. The liberality, too was due, in a great degree, to the fact that the Exchange had set itself against program advertising. That had found favor with the merchants.

REGULATING PAYMENT.

A resolution was adopted to the effect that no bill should be paid without having the same approved by the chairman of the committee contracting it and with a vouher signed by the chairman and secretary of the Executive Committee of the celebration.

PARADE OUTLINED.

Chairman Arper of the Parade Committee said that everything was going along splendidly. The only disappointment was occasioned by the declination of the A. O. U. W. lodges to take part in the procession, owing to the shortness of the time which did not give them the desired opportunity to make a good display. A number of other fraternal organizations had agreed to make a fine showing. This was especially true of the Native Sons, who had the proper patriotic spirit. The Modern Woodmen, Woodmen of the World, Odd Fellows, Cantons, Federated Trades, Building Trades Councils, some organizations from San Francisco and a host of others had all agreed to turn out in the parade. The Federated Trades alone could turn out a couple of thousand men if it were desired.

NATIVE SON ENTHUSIASM.

By way of showing the spirit of the Native Sons, Mr. Arper read the following which was issued by Piedmont Parlor:

"Dear Sir and Bro.—The grandest celebration and parade ever held in this city, will take place on July 4, 1901.

"Piedmont Parlor, ever foremost, has unanimously accepted an invitation to parade.

"Every member is hereby notified to immediately get his uniform in readiness.

"Members not having uniforms, can obtain the loan of a uniform, by being present at our next meeting.

"Members will assemble at Loring Hall on July 4th at 9:30 a. m. sharp.

"Arrangements have been made for a royal good time at our hall after the parade.

"Be patriotic, be a true native, be in line and help to boom the Parlor.

"Let us have every member in line and be the feature of the parade.

"P. S.—Sunday, June 30th, has been selected as the Memorial Day of our Order. It is the intention of our Parlor to decorate on that day the graves of our deceased brothers. You are respectfully requested to donate a few flowers and leave them at our Hall on Sunday morning, June 30th, not later than 9:30 a. m. Yours in F. L. and C.,

"W. B. QUIGLEY, JR., President.
"DANIEL W. DOODY, Sec."

This card was greeted with cheers.

DECORATE THE BIG POLE.

Mr. Wellbye of the Decoration Committee said that he would like to have at least $200 more because, while everything was going along satisfactorily, nothing as yet had been done toward putting up decorations around the flag pole and Telegraph avenue and Broadway.

The matter was laid over till the next meeting.

MAYOR TO PRESIDE.

Mr. Lea of the Afternoon Entertainment Committee said that Mayor Barstow would preside over the literary exercises at the High School.

The Clerks' Union, represented by C. J. Twoomey said that that organization had ordered all its members to take part in the procession.

BANDS AND NIGHT CARNIVAL.

Mr. Sinclair of the Committee on Music said he had engaged one band for the morning and another for the afternoon. Besides, the Fifth Regiment band, the Woodmen's band and several others would be required.

Dave Sinclair said that the night parade would be the greatest thing of the kind which had ever been held in Oakland. Everybody would have to co-operate. They would like everybody to illuminate stores and homes. The assistance of the people was desired and the people would never forget it.

Chief Hodgkins said that he had not made any arrangements for the parade because it was as yet too early.

WIRING STREETS.

Mr. Walker brought up the question of wiring the streets along the line of march.

A. Jonas said it would be advisable to have the Superintendent of Streets put up wire on the day of the parade.

Chief Hodgkins said that the wire used on the McKinley day had been turned into the possession of the city. The wire on that day had been put up by men of the Oakland Gas, Light and Heat Company under the direction of Superintendent Carleton.

OAKLAND WILL HOWL.

Chairman Hawbaker said that the night celebration would be a howling success. Everybody would have to go masked. Black suits would not be respected unless the owner wore a mask. They would make Oakland lively one night, even if it never should be lively again.

ALAMEDA BOAT MEN.

Mr. Bell of the Regatta Committee said that the Alameda Boat Club had agreed to donate the use of two boats with crews to save the expense of a steam launch for the judges.

KENDALL'S DONATION.

T. M. Kendall of the Bon Ton Bont House offered to donate the use of two boats for the day to carry police to keep the course on the lake clear during the races. The crews to man the boats will be furnished by the Alameda Boat Club. The donation represented $40. Mr. Kendall was given a vote of thanks.

J. J. Naegle made a plea for an appropriation for $125 to decorate the liberty pole with. The matter will come up again.

MARSHAL'S AIDES.

Chairman Arper of the Parade Committee and grand marshal of the procession, announced his staff and regalia as follows: Chief-of-staff, red, white and blue sash, Webb N. Pearce; marshals of divisions will wear red sashes; aides-de-camb will wear blue sashes. The aides are as follows: R. Crist, Dr. F. E. Para, Albert Kayser, H. D. Cushing, E. F. Thayer, J. S. White, J. A. C. Macdonald, Col. J. F. Hays, Major J. P. H. Dunn, Thomas M. Robinson, D. J. Hallahan, H. N. Gard, Fred A. Campbell, Don F. Miller, I. I. Boak, Walter Meese, E. C. Lyon, D. W. JAS. DE FREMERY WRITES A LETTER

Has Something to Say About the Recent Unpleasant Harbor Controversy.

At the meeting of the Merchants' Exchange last night, the following letter addressed to Secretary Walker of the Exchange was read:

MR. DE FREMERY THOUGHTFUL.

"Dear Sir: Permit me to thank the Merchants' Exchange, through you, for the courtesy that has been extended to me.

"I was very much pleased to note that Oakland has an organization which, irrespective of permanent considerations, seems ready, at all times, to give encouragement to those who make investments in your city.

"It is not necessary for me to go into detail as to what has occurred in the past two weeks, prompting this communication, as you are familiar with the circumstances.

"If you pursue the same fearless policy hereafter, in your handling of matters of public interest as you did in the matter of proposed improvement of Oakland harbor, in which I was personally concerned, but where my interests were entirely secondary to those of your city, I believe the city of Oakland will have your organization to thank for much of its prosperity.

"Very respectfully,
"JAMES DE FREMERY."

The communication was filed.

POSTOFFICE MATERIAL.

At the suggestion of Secretary Walker, Messrs. Wellbye, Jonas and Lea were appointed to act in the matter of the proposed change in the material for the postoffice from Utah sandstone to California granite.

AGAINST PROGRAM "ADS."

A letter from E. Belle Dudry was read commending the action of the Exchange in denouncing the practice of advertising in ball and concert programs.

SENTIMENT UNANIMOUS.

Secretary Walker said that after the celebration of the Fourth, an agreement would be signed by merchants to the effect that, hereafter, merchants would not patronize programs with advertising. In some instances he could not get to the merchants quickly enough with the agreement, and all of the business men, he claimed, would not sign the document when it would be presented to them.

TUNNEL PRELIMINARIES.

Wilber Walker of the Tunnel Committee read the letter which he presented to the Supervisors Monday last, suggesting the appointment of a member of that Board to act with one member of the Contra Costa Supervisors and a member of the Exchange to make preliminary arrangements for the building of the tunnel. He said that Supervisor Rowe had been appointed by the Alameda Supervisors, and that Supervisor Stowe would probably be appointed by the Contra Costa county Supervisors.

On motion of D. C. Brown, Wilber Walker was appointed to represent the Exchange on the Committee.

NEW MEMBERS.

Kane & Daly, liverymen, were elected members of the Exchange.

BOOLE & SON THANKFUL.

The following was received from Boole & Son and was addressed to the Exchange:

"Gentlemen, please accept our hearty thanks for your successful efforts to have Adeline street extended to our shipyard. We feel assured that you will have no reason to regret the consideration granted to us in this matter. Yours respectfully,

"W. A. BOOLE & SON."

The communication was filed.

CLOSE ON JULY FOURTH.

It was the unanimous understanding that all stores should close on July 4th. Adjourned for one week.

The Duty of Mothers.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham's Laboratory at Lynn, Mass., and secure from a woman the most efficient advice without charge.

MISS PFALZGRAF

Mrs. August Pfalzgraf, of South Byron, Wis., mother of the young lady whose portrait we here publish, wrote in January, 1899, saying her daughter had suffered for two years with irregular menstruation—had headache all the time, and pain in her side, feet swelled, and was generally miserable. She received an answer promptly with advice, and under date of March, 1899, the mother writes again that Lydia E. Pinkham's Vegetable Compound cured her daughter of all pains and irregularity.

Nothing in the world equals Lydia E. Pinkham's great medicine for regulating woman's peculiar monthly troubles.

FAMILY FOOD.

Crisp, Toothsome and Requires No Cooking.

A little boy down in N. C. asked his mother to write an account of how Grape-Nuts Food had helped their family.

She says Grape-Nuts was first brought to her attention on a visit to Charlotte, where she visited the Mayor of that city who was using the Food by the advice of his physician. She says, "They derive so much good from it that they never pass a day without using it. While I was there I used the Food regularly. I gained about 15 pounds and felt so well that when I returned home I began using Grape-Nuts in the family regularly.

"My little 18 months old baby shortly after being weaned was very ill with dyspepsia and teething. She was sick nine weeks and we tried everything. She became so emaciated that it was painful to handle her and we thought we were going to lose her. One day a happy thought urged me to try Grape-Nuts soaked in a little warm milk.

"Well it worked like a charm and she began taking it regularly and improvement set in at once. She is now getting well and round and fat as fast as possible and on Grape-Nuts.

"Sometime ago a number of the family were striken with La Grippe at the same time, and during the worst stages we could not relish anything in the shape of food but Grape-Nuts and oranges, everything else nauseated us.

"We all appreciate what your famous food has done for our family."

THIRTY THOUSAND ARE BENEFITED.

CLEVELAND, Ohio, June 26.—The conference of the American Tin Plate Company's officials with the representatives of the Amalgamated Association of Iron, Tin and Steel Workers, which has been in session here for several days, has resulted in the signing of a new wage scale to go into effect July 1st. The workmen asked for an advance of ten per cent. Under the new scale they will receive an advance of two per cent. Nearly 30,000 men, it is said, will be benefitted. While the new scale applies directly to only the employes of the American Tin Plate Company, better known as the Tin Plate Trust, it is said the independent manufacturers will undoubtedly be governed by the action taken at the Cleveland conference.

The conference of the Tin Plate officials with the representatives of the Tin Workers' Protective Association, which was adjourned last Thursday evening to make way for the conference just closed, was resumed today.

STANDARD MUST WAIT FOR POWER

It is an established fact that electric power by means of the Standard Electric Company will not reach this city until November of this year, and it may not be delivered here until January of next year. The delay has been caused by a variety of disappointments, a shortage of water among others, which has greatly interfered with the progress of the work. An impression obtains that San Jose is in receipt of power from this company, but that is a mistake. The Standard had a contract to supply electrical energy there by a certain time under a penalty for failure to comply with the requirements of the same. As it had no power of its own, the Standard was compelled to buy power from the Bay Counties Power Company, and it is this energy which is being supplied to patrons in San Jose.

ALDRICH ESTATE IS AGAIN BEFORE COURT.

A contest over the disposition of funds of the estate of the late capitalist, William A. Aldrich, was heard before Judge Ellsworth this morning.

The principal contention was over $3,500 paid as dividends on forty-three shares of stock of the German Lead Works. The executors accounted for the money as part of the estate. The money was paid on stock that had been bequeathed to Minnie A. Aldrich and she claimed that it should be paid to her separately and not go to the estate.

It appeared, however, that the account of the executors had already been approved by Judge Greene. In view of this fact Judge Ellsworth said he would not review the proceeding.

An opposition to certain items in the account was then withdrawn, as they had already been approved by the court.

The estate of the late Wm. A. Aldrich is valued at $370,000. Most of the property was bequeathed in trust to the widow and children. The interest of Minnie C. Aldrich is valued at $136,000. The executors are Mrs. Annie A. Barton and Mrs. Helen A. Dunning. They have presented their eighth annual account to the court for approval.

The Oakland Gas, Light and Heat Company is having plans drawn for a substantial office building which will be situated on the east side of Shattuck avenue, between Kittredge street and Alston way.

The structure will be of brick and one story high.

KISSED AND MADE UP IN THE POLICE COURT.

The charge of failure to provide, preferred against Emil Fritz by his wife, was dismissed in the Police Court today. It appears that Mrs. Fritz came to Oakland some months ago with her children, ostensibly to visit friends here. When the husband demanded that the children be allowed to come home for his company, the wife demurred and he refused further to provide for them. It was hinted that Mrs. Fritz had deserted the husband.

In the Police Court today, however, their differences were settled and they made up. So the case fell for want of prosecution.

ALLEN MAKES POWERFUL SPEECH

(Continued From Page 2.)

and not at another? Why was the noise of one beating heard and not the noise of the other?

No such thing occurred. It is an invention, another sham in the list of shams that this defendant has set up to conceal his crime and evade its punishment. After the child died from the cruel beatings received at his hands he hung her to a bed post to make people believe that she had committed suicide. He told people that she had taken strychnine when he he found that her neck was not broken. It was a sham. He took the stand and told a story that is now admitted to be a lie from beginning to end. Neither he nor Mrs. Brandes nor their son Milton ever gave a hint of any such battle as has been told of. None of them gave a hint that the girl died from any other cause than suicide. All their stories were to the effect that she had committed suicide.

When Mrs. Brandes was put on the stand in this case she refused to testify on the ground that she might incriminate herself. This was a sham. If the story of Milton is to be believed she could tell the truth with perfect safety. She did not dare to tell such a tale because she knew that its falsity would have been exposed and her contradictory statements presented to the court.

Judge Frick says he did not defend Brandes in the first trial and is not responsible for the suicide theory then set up, which he now acknowledges to be false and untenable. Neither are the gentlemen who defended him then responsible for the sham. Brandes invented it himself when he tied that poor bruised body to the bed post, when he circulated the lie that she had poisoned herself. He told Harvey, he told the doctor, the undertaker, the reporters, the officers and everybody else that his daughter had committed suicide. Mrs. Brandes and Milton added their mites to the tale of suicide. The attorneys had nothing to do with it. They found the sham already invented when they took the case, and had no option but to stand by the story told by Brandes and given color of truth by the horrible farce of hanging the body to the bed post, and then taking it down before anybody had a chance to see it there. He did not dare to leave it hanging for people to see, for it would have supplied mute evidence that the story was false and the hanging a sham. He took the body down, but he left the apron tied to the bed post, another sham in this hideous mockery, this drama of murder and the effort to cover it up.

From the evidence the deduction is irresistible that this defendant never saw this child after she was a year old till the year 1897, and never contributed a cent to her support save a dollar and a half a month the last year to pay for the hire of a horse and buy school books. He was in Santa Cruz, where she lived with her aunt in 1895, but never went to see her? Why did he take her away in 1897? Because he went there and saw she was a pretty girl, big enough to help do the housework for Mrs. Brandes. He brought her to his house to be a servant for her stepmother. His affection was manifested in his cruel beatings, his endearments by calling her a 'G—d d—d little ——; and his tenderness by threats to choke her to death. What was her position in that household? Harvey, who had lived there for months, did not know that she was the daughter of Brandes. None of the neighbors knew it. Was not the hand of every member of the family against her?

We must conclude from the testimony that Mrs. Godfrey was the former wife of Braunlich. You gentlemen who saw them both cannot wonder that she separated herself from such a man. Brandes was a witness for Braunlich at the divorce trial, and Braunlich was a witness for Brandes in this trial. Need I say more? It is not necessary. You saw the man and heard his testimony.

At 9 o'clock Friday night the little girl was sitting in the kitchen reading a paper. Except the story of Milton there is nothing to indicate that there had been any trouble since the beating Tuesday night. At 7 o'clock next morning she was dead. Dr. Rowe testifies that the ligature was placed around the neck some six hours after death, and he also testifies that she never recovered consciousness after receiving the fatal blow. Harvey heard the noise of beating and concluded it was very brutal. This defendant said he never went back to his house during the night, that he made his rounds on foot. This story is now admitted to be a fabrication. He was seen by Mr. Waste and others shortly after 1 o'clock riding in a cart. He was only a few blocks from his house and was coming from that direction. Harvey had put the horse up previous to going to bed. Brandes must have gone back to the house some time before 1 o'clock and harnessed him up. It was about that time that Harvey heard the noises, the sounds of beating. The defendant denied that he was there, denied that he took the horse out that night. He did have the horse, and he could have got him only by going back to the house. The time corresponds with the time Harvey heard the noises and the sound of blows. There was no reason for Mrs. Brandes to be up and about at that time of night.

Gentlemen, the conclusion is irresistible that Brandes returned to the house Friday night, and that he dragged that girl from her bed and beat her to death. He alone knew that she was dead at 1 o'clock in the morning. The story that the noises were caused by Mrs. Brandes spanking her son is incredible. Why should the sounds come from the girl's room? How did Mrs. Brandes discover that her son had wet the bed, and even if she did, why get up at that hour to spank him for it? He could not remember that he had ever been spanked before. This is another sham. It is a cunningly devised tale to account for the noises and the sound of blows at that peculiar hour.

Allen was still speaking when the noon recess was taken.

THE CLOSING ARGUMENT.

Judge Allen closed his argument in the afternoon with a critical review of the evidence, separating those facts which were not in dispute from those about which the testimony differed. He asked which was the most credible: Harvey, the Richardsons, Mrs. Godfrey and Streighiff, or Milton Brandes and Braunlich. There was no reason for the former to testify falsely. Can the same be said of Milton Brandes and Braunlich? Allen's peroration was a touching appeal to the jury to vindicate justice and punish an atrocious crime.

GOES TO THE JURY.

The case was given to the jury at 3:30 this afternoon.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Osgood Bros., druggists, corner Seventh and Broadway.

FOUGHT WITH KNIVES TO CAPTURE LIFE BOATS.

Awful Scene When the Steamer Lusitania, Carrying Five Hundred Passengers, Ran on the Rocks During a Black Night — Crew Had to Fight to Save Women and Children.

ST. JOHNS, N. F., June 26.—The Orient Steam Navigation Company's steamer Lusitania, Captain McNay, from Liverpool June 18, for Montreal, having 500 passengers on board, was wrecked last night off Cape Ballard.

The Lusitania was bound round Cape Race for Montreal, with a large cargo and a shipload of passengers.

Ran on a Reef.

She mistook her course in a dense fog and went ashore near Renew's, twenty miles north of Cape Race, before daybreak. The ship ran over a reef and hangs against a cliff. The passengers, who are mostly emigrants, were panic-stricken.

Fought With Knives.

They stampeded and fought for the boats, but were overcome by the officers and crew. The rougher element among the passengers used knives. The women and children were first landed and the men followed. The crew stood by the ship. A heavy sea was running, but at latest advices the Lusitania was holding her own. It was thought likely, however, that she would prove a total wreck.

Will Go to Wreck.

The disaster occurred miles from the nearest telegraph station and the details obtainable at this time are meagre.

Several steamers are fitting out here to go to the scene of the wreck. It is expected that the large cargo of the Lusitania will be salvaged.

Twenty May Be Drowned.

As this dispatch is being sent an unconfirmed rumor has reached here that a boat load of people from the Lusitania was upset and that twenty persons were drowned.

Cape Ballard is situated on the coast of New Foundland about sixty miles south of St. John's. The Lusitania was built at Liverpool by Laird Brothers in 1871. She is 379 feet 9 inches long, has 41 feet 3 inches beam and is 27 feet 7 inches deep.

Terrible Experience.

The passengers of the Lusitania had a terrible experience. The first knowledge which they had of the disaster was when, owing to the ship scraping over the rocks, they were hurled from their berths by the shock. A scene of great excitement ensued. Five hundred people were clamoring to escape, while the crew tried to pacify them and launch the boats. The male passengers in their attempt to seize the boats, trampled the women under foot and fought the crew with knives. Some of the more cool-headed of the passengers assisted the crew in the efforts to get out the boats. One boat was upset and its occupants were immersed. It is supposed that some of these were drowned. Another boat, having on board twenty persons, is supposed to be adrift in the fog, and this may have given rise to the report that twenty persons were drowned by the upsetting of a boat.

The women and children, almost nude, were pulled up the cliffs by the coast people.

A Furious Rain.

This morning the unhappy passengers, after shivering for hours on the hill top, tramped weary miles in their endeavor to reach the houses of the fishermen, where they are now sheltered. Previous to reaching the cliffs the passengers passed two hours of terrible anxiety on the wreck.

A furious rain storm and a heavy sea raged all night. It is feared the Lusitania will be a total wreck. The last reports received here said the steamer was breaking up, that her fore-holds were full of water and that her cargo was being salved.

There is hope of saving the effects of the passengers, as where possible they were stowed above decks.

Six steamers are now on their way from here to the scene of the wreck. It is expected that the rescued passengers will be brought here tonight.

BOTH ARE FOUND DEAD.

QUINCY, Ills., June 26.—The bodies of Frank C. Forrest and Louise Strothoff were found in the road five miles from here early today. Each had been shot. Forrest, who was well known in Quincy, had quarreled with Miss Strothoff and later had received a note asking him to drive out to her home and see her. He went last evening, accompanied by John Dittmar. During the evening Forrest and the girl took a walk and that was the last seen of them until their bodies were found half a mile from the house. A revolver lay near them. Whether he or she did the shooting will probably never be known.

MRS. M'KINLEY TAKES DRIVE WITH PRESIDENT.

WASHINGTON, June 26.—Mrs. McKinley's condition is so much improved that she was able to take a drive with the President this morning.

HARVARD COMMENCEMENT.

CAMBRIDGE, Mass., June 26.—Commencement exercises at Harvard University today followed the usual order. The president and fellows of the University, the overseer and the various faculties met the recipients of the honorary degrees, Governor Crane and his staff and other invited guests, and all the alumni marched to Sanders Theater, escorted by all the Seniors and other candidates for degrees in the cap and gown. The commencement speakers were Lawrence Hayward, Marlborough, Mass.; Sanford H. E. Freund, New York; Samuel Smith Drury, Bristol, R. I.; and Herbert C. Kahn, Indianapolis. Following the exercises in Sanders Theater, the various classes held re-unions. Polls for the election of five overseers were opened from 10 A. M. until 5 P. M.

One of the most interesting of today's events was the dedication of the Gates of the new fence surrounding the College grounds by the classes which presented the memorials to the University. Today's commencement was noteworthy for the conferring of degrees in courses upon the largest number of men who have ever presented themselves in the history of the college. The honorary degrees were conferred as follows:

Masters of Art: Edward Livermore Burlingame, author and editor.

John Bellows, authority on Roman antiquities in Britain, essayist, lexicographer.

Hugo Munster Berg, psychologist.

Theobold Smith, patheologist.

James Gross, historian.

The three latter are Harvard professors.

Doctors of Divinity:

David Gordon Lyon, Assyrian scholar.

Alexander McKenzie, pastor for 34 years of the Evangelical branch of the First Church, of Cambridge and Secretary of the Harvard Board of Overseers since 1875.

Doctor of Laws: William Caleb Loring, Judge of the Supreme Judicial Court of Massachusetts.

Henry Smith Pritchett, President of the Massachusetts Institute of Technology.

Jacob Henrikus Van Hoff, Great Physical Chemist.

James Ford Rhodes, Historian.

James Tyndale Mitchell of the Supreme Court of Pennsylvania.

Charles Sprague Sargent, first director of the Arnold Aboretum, Boston.

Wayne McVeagh, former Attorney-General of the United States and Minister to Italy.

Theodore Von Holleben, Ambassador of the German Empire.

Conspicuous and unusual honors were conferred upon the German Ambassador, in addition to the formal degree. In the procession to the theater his official rank was determined next to that of the Governor, and he sat next to that official on the stage. When President Eliot announced the conferring of the degree the audience cheered, a compliment which was not paid to any other person.

OBJECT TO CHINESE FOR THEIR ORATOR.

PHILADELPHIA, Pa., June 26.—At a meeting of the Chinese-American Society held here resolutions were unanimously adopted protesting against the selection of Wu Ting Fang, Chinese Minister, as orator of the day at the Fourth of July celebration in this city. The resolutions allege that Mr. Wu "covertly aided the Boxers in their massacre of the Christians in China" and "has been misleading the public in his statements in regard to his position toward them."

NEW YORK, June 26.—George Lauder Jr. of Pittsburg proposes to make a voyage around the world in the schooner yacht Endymion, recently purchased from the estate of the late George Day. The yacht will sail today for New London to witness the 'Varsity races and afterward will sail for Scotland, where Mr. Lauder will be the guest of Andrew Carnegie.

POLICEMEN CHARGE THE STRIKERS.

One Thousand Men Refuse to Stir Before Officers With Drawn Clubs.

SHOTS AND BLOWS BREAK THE MUTINY.

ROCHESTER, N. Y., June 26.—One thousand striking laborers had a brisk encounter with the police in which eleven policemen and twenty rioters were injured. The rioters set out, as several times before, to drive off the laborers working on street improvements.

Police After Mob.

At Mill and Commercial streets they encountered fifty laborers employed by the Rochester Gas and Electric Company, in digging a trench, and drove them from the trench. The workers sought refuge in the power house of the company and the police undertook to disperse the mob.

Advanced With Clubs.

The police reserves were drawn up in a platoon of fifty across the street and upon orders advanced with drawn clubs upon the mob. Immediately the air was filled with bricks, stones and wood, and shovels and picks in the hands of the strikers were used freely.

Police Fired.

Amid the melee a shot rang out and Sergeant Stein, commanding the platoon, ordered the police to fire over the heads of the strikers. This had the desired effect. The strikers scattered and the police chased them through the streets to the City Hall Park, where they were held awaiting action by the Mayor.

The Wounded.

Police reinforcements were hurried to the scene of the riot, but their services were not required.

The injuries sustained by several of the policemen are of a serious nature. The hurts of the rioters were mostly scalp wounds inflicted by the officers' clubs.

FLAGGED TRAIN JUST IN TIME.

REDDING, Cal., June 26.—What might have been a disastrous wreck was averted on Monday night by the prompt action of Clint Brown, a young Sacramento river fisherman, who flagged the California Express just in time to prevent it running into six cars which had run away and cramped on the track in the path of the express. Brown observed the state of affairs and, being conversant with the time tables, pulled a lantern from a switch and managed to get far enough along the track to warn the oncoming train. The engine of the express was stopped within a few feet of the obstructing cars.

PIONEER WOMAN HAS PASSED AWAY.

SAN FRANCISCO, June 26.—Mrs. M. E. Gwin, widow of Wm. M. Gwin, who once represented the State of California in the United States Senate, died this morning at her home, corner of Sacramento and Hyde streets.

Mrs. Gwin was 86 years old and her advanced age is given as the cause of her death. She was one of California's pioneer women, having arrived in this State in the earliest days of the gold excitement. She had been very prominently identified with higher circles of social life in San Francisco.

Three children survive her, Wm. M. Gwin, Jr., who was United States shipping commissioner at this port; Miss Carrie Gwin and Mrs. E. J. Coleman.

TYPEWRITER WIDOW WINS A FORTUNE.

Mrs. Julia E. Knight, Aged 30, Marries Dan Laird, Aged 68, Worth $175,000.

HOW THE LADY WON THE OLD BACHELOR.

Mrs. Julia E. Knight, a stenographer of this city, who resided at 575 Kennedy street, has married a fortune. The fortune has come with a husband, Daniel Laird of San Francisco, who, however, is 68 years of age, while the age of the newly-wed wife is only 30 years. The groom is therefore more than twice the age of the bride, but whatever disparity there may be between the ages of the twain is atoned for by a liberal supply of the goods of this world and a wealth of affection equal to the intensity of a man's first and strongest passion, because this is the first time which Mr. Laird has confessed the tender passion, as he never wooed, neither was he ever wed before.

A SECOND VENTURE.

On the other hand, this is the second time that Mrs. Laird has ventured into the matrimonial field, her first husband having passed away, leaving her a son who is now about 4 years of age.

Mr. Laird's lack of familiarity with the marriage state and his store of worldly goods are in a measure counterbalanced by the experience of his wife and the heartiness with which she accepted the tardy proposal to marry.

MADE A FORTUNE.

Mr. Laird, for years, was a furniture dealer in San Francisco, where he acquired a competence. He resided for a long period in the United States Hotel, and, recently, went to reside in a home which he has just erected on Noe street and over which Mrs. Laird will here-

PLANNED TO KILL A SOLDIER

WASHINGTON, June 26.—The records of court martials of Filipinos have been received from Manila. A native Sergeant of Police, Pablo Tabares, ordered two of his policemen to induce private George O. Hill, Company H., Eighteenth Infantry, to enter the sergeants house in the Pueblo of Cabutan. Once in Tabares treated the American with lavish hospitality and pressed glasses of wine upon him until the soldier was badly intoxicated. The sergeant then ordered the two policemen to take the unfortunate man outside the Pueblo and kill him. The wily Tabares promptly sent his two accomplices off to the insurgent ranks to get them out of American jurisdiction, together with the dead man's uniform and accoutrements, while he remained discreetly silent. He was found guilty of murder and also of arson, having caused about a hundred dwellings in Cabutan to be burned. He was sentenced to be hanged.

THE AMERICAN PLOW COMPANY INCORPORATES.

TRENTON, N. J., June 26.—The American Plow Company, capital $100,000 was incorporated here today. The principal object of the company will be to absorb most of the plow companies of the United States. It is understood the capital of the company will be largely increased.

TWO HUNDRED ARE OUT ON A STRIKE.

PITTSTON, Pa., June 26.—Two hundred machinists are on strike at the Coxton yards of the Lehigh Valley Railroad Company. Pickets from the strikers' ranks patrol the shops.

EDNA WALLACE BETTER.

SAN LEANDRO, June 26.—Miss Edna Wallace, the actress, formerly Mrs. Edna Wallace Hopper, daughter of the late Mrs. Alexander Dunsmuir, who was prostrated by the death of her mother has, in a measure, recovered from the physical collapse which she experienced on her arrival here Monday last, and is now able to sit up. She is still extremely weak, but her physicians say that she has passed the crisis and that she will continue to improve as she gradually recovers from the shock which her mother's death occasioned.

Miss Wallace, it is expected, will be able to attend the funeral of her mother, which will take place tomorrow morning. She will, however, be attended by a physician and a nurse.

The cortege will leave the Dunsmuir home at 9 o'clock tomorrow morning.

Solemn requiem high mass will be celebrated in St. Francis de Sales' Church in this city. At the conclusion of this service, the remains will be interred in this city.

The funeral will be attended by members of the Dunsmuir family from San Francisco and British Columbia, representatives of the Dunsmuir employes on the other side of the bay, and immediate friends of Miss Wallace and her mother who followed her here from New York, arriving at the home yesterday.

The arrival of Mr. and Mrs. James Dunsmuir did not take place till today.

The chamber of death contains a number of beautiful floral tributes, among which may be named: A wreath of lilies of the valley four feet in diameter, from the Dnsmuir office, San Francisco; Easter lilies and ferns on a frame six feet in height, from Mr. and Mrs. James Dunsmuir; a large spray of pink roses, from William Wallace; a large spray of white roses, from Mr. and Mrs. Russell J. Wilson; cluster of large white roses, from Mr. and Mrs. Mountford Wilson, and a large bunch of triumph carnations, from Mr. and Mrs. Charles H. Lovell.

HUNTED HER WITH HIS DOGS.

Sensational Story Told by a San Leandro Wife in a Divorce Case.

WANTS LARGE ALIMONY AND FAT COUNSEL FEES.

The divorce case of Mary J. Leveira against Jose Leveira came up before Judge Ellsworth this morning on a motion for alimony and counsel fees. The motion was presented by Attorney J. L. Geary Jr. He asked $150 a month alimony for his client and $1,500 fees for himself. The motion was opposed by Attorney Cary Howard on behalf of the husband.

Leveira resides at San Leandro. He is reputed to be worth about $30,000, although he denies that he has this much property.

Mrs. Leveira asks for a divorce on the ground of extreme cruelty. She claims that she has borne cruel and abusive treatment from her husband for thirty years. The couple were married in 1854 and have eleven grown children.

In her complaint Mrs. Leveira alleges specific acts of cruelty dating back to 1863. She alleges that her husband has repeatedly struck her with his fist, choked and kicked her, also that he beat her with a rope until she was black and blue. On one occasion, Mrs. Leveira claims, her husband beat her so badly that she was confined to her bed for six weeks.

In January of 1878, while living on their ranch in Contra Costa county, Mrs. Leveira claims she was driven from her home by threats to kill her. She says she ran to a neighbor's place in her night robes. Her husband, she says, followed her with a pistol and dogs. Mrs. Leveira fled to Antioch. There she and her husband met and patched up their quarrel. Mrs. Leveira says she agreed to return to her husband on condition that he would not abuse her any more. Shortly afterward, she says, the cruel treatment was resumed.

Last May, Mrs. Leveira says, she sustained severe injuries from a fall, but her husband refused to call a doctor. She remained in bed for several weeks suffering great pain. When she asked for medical attendance, she says, her husband told her she was merely feigning illness.

A few weeks ago, Mrs. Leveira says, she was driven from her home at San Leandro by the cruelty of her husband and his threats to kill her. She went to San Francisco and has since been residing with a son there.

George Leveira is also made a defendant in the suit, because he is in possession of some alleged community property. Besides the home at San Leandro and property in Contra Costa county, Leveira is alleged to have about $10,000 in bank and notes, mortgages and other securities. Mrs. Leveira asks for a division of the property.

The case was finally continued to August 9th.

ALLEN MAKES POWERFUL SPEECH FOR PROSECUTION

He Sums Up the Evidence Against Brandes With Logical Clearness and Terrible Effect--Characterizes the Defense As a Series of Shams Devised So As to Evade Punishment.

Judge Frick closed his argument for the defense in the Brandes case this morning with an impassioned appeal to the jury to strip themselves of all prejudice and to weigh the testimony independent of sympathy for the dead girl. He argued that the evidence showed that Brandes loved his daughter and treated her kindly, when not embarrassed by the presence and reproaches of his wife, who was jealous of the girl and resented her presence in the household.

He contended that the evidence indicated that the fatal injuries were inflicted by Mrs. Brandes far more than it indicated that they came from the hands of the father. There was no motive for Brandes to kill the child, but there was a motive for his wife to hate the child of a former marriage. The dislike was mutual. Brandes might have assisted in hanging up the girl after she was dead, and may have exerted himself to cover up the cause of death. But, assuming that he did do those things, which would be natural for a man in his position, he was not guilty of any offense embraced within the charge of the information.

If the woman killed the girl the father could not be convicted of the crime. He might have acted foolishly and reprehensibly—seriously blameworthy, perhaps—but he was guiltless of slaying his child. He loved his daughter, but he also loved his wife, the mother of his only remaining child, and he may have said in his grief and perplexity that the dead could not be brought to life by bringing disgrace upon the wife and a black shadow over the life of his son. Taking this view, cannot every act and every word of defendant be easily understood? Was not his conduct in perfect accord with this theory? While he mourned the dead, he shielded the living.

Frick closed with an eloquent appeal to the jury to make no mistake, but to apply their judgment as men of experience eto weighing the evidence.

MRS. BRANDES CAUSES A WRANGLE.

A sharp wrangle ensued when District Attorney Allen arose to reply. He attempted to read from the court minutes an offer made by the defense to show that Mrs. Etta Brandes had testified at the former trial. Frick objected to the reading on the ground that the offer was not made as evidence in the trial, but in support of the plea of once in jeopardy which was advanced to bar a conviction for a higher offense than murder in the second degree.

The court sustained the objection, and the fact that Mrs. Brandes testified at the former trial is therefore eliminated from the evidence so far as the jury is concerned.

Judge Allen began by attacking the theory that Mrs. Brandes and not her husband killed Lillian. "In this case, gentlemen," he said, "you are charged with a graver duty than is ordinarily imposed upon a jury to punish crime. You are here to throw the protecting arm of the law and the instincts of civilized humanity around innocent, helpless childhood. Without such protection they are at the mercy of such savage and unnatural brutality as has sent this poor child to an untimely grave, her tender body covered with blackened bruises that bear more but eloquent testimony to the horrible usage to which she had been subjected. To you helpless childhood looks for protection. It looks to you to vindicate the law for the unspeakable outrages inflicted on defenseless innocence in the person of this poor girl.

"The defense set up here is a horrible sham. There is nothing to indicate that Mrs. Brandes killed this girl, but all the testimony goes to show that she was repeatedly beaten by her father. His blows and curses and threats were heard by the neighbors. All the circumstances confirm the fact that this defendant beat his child to death. The theory that Mrs. Brandes did the killing is based upon the story of Milton Brandes. You are asked to believe that on Wednesday night the girl assailed Etta Brandes with a knife, and that she defended herself from the savage attack of this frail girl by beating her over the head. If this were true there would have been no need for concealment. Any court would have acquitted her on the ground of self defense. Not a hair of her head could have been touched. All she had to do was to tell the facts and have them confirmed by the evidence of her son and the surrounding circumstances.

"Remember that this is alleged to have occurred on Wednesday night, and that death did not take place till Saturday morning. It did not come as a surprise to confuse and terrify them. They had ample time for deliberation, and could satisfy themselves that they had no reason to fear the consequences.

"No such thing occurred. The story is a sham, a cunning fabrication, to shield from punishment the hideous crime of this unnatural defendant. It is but another sham set up for this purpose. His efforts to shield himself have been a succession of shams. A number of reputable and disinterested witnesses have testified to the beatings, curses and threats of Brandes on Tuesday night. Before bedtime he beat his child and then played the piano. Then he beat her again. Afterward he pulled her out of bed to shower blows on her poor little bruised body. Harvey heard her piteous cry, 'Oh, Al, don't kill me!' The Richardsons heard the blows and cries and came out to see what was the matter. They heard the noise when the father was at his brutal work Tuesday night, but they heard no sound of this alleged terrible affray Wednesday night. They heard her cries when her father was beating her, but she did not cry out when Etta Brandes was beating her with a poker. Why did she cry out at one time

WEDDING WAS VERY QUIET.

SAN LORENZO, June 26.—The marriage of Charles C. McCleverty, son of the late Charles McCleverty, late proprietor of the Fashion Stables, and Miss Harriet Elizabeth Roberts took place this afternoon at the home of the bride, San Lorenzo.

The ceremony was performed by Rev. F. B. Perkins and was witnessed by only the immediate friends of the family, because of the bereavement recently sustained by the groom.

The bride was given away by her father, Captain Roberts. Mr. McCleverty was attended by A. G. Roberts, a brother of the bride. The latter was attended by Miss Jessie Knowles of Oakland.

There will be a short wedding tour, after which Mr. and Mrs. McCleverty will reside in Oakland.

Plunged Through Trestle.

Two sections of train No. 3—one coming from Detroit and the other from Toledo—were consolidated in this city into a train of eleven cars, making up the flyer for its journey to St. Louis. It consisted of a combination baggage and express, combination baggage and smoker, day coach, emigrant coach, three chair cars, three sleepers and the private car of General Superintendent William Cotten of the Iron Mountain Railway.

Having left this city one hour late, the train was speeding westward at a high rate when the engine plunged through a trestle which had been undermined by the recent heavy rains.

Cars Turn Over.

The embankment on both sides of the little stream dropped at a sharp degree a distance of forty feet. Owing to the momentum of the train, the engine appeared to leap nearly across the abyss, plunged into the soft earth on the opposite side and fell back to the bottom. Engineer Butler and fireman Adams were thrown from the cab, but not seriously hurt. The express car and the first chair car were telescoped. The emigrant car followed by two chair cars, went down on the left side of the track and the first sleeper pitched forward on the mass of debris. Its windows and trucks were broken, but none of the occupants were injured. The remaining cars also left their trucks, but were not badly damaged.

It was in the emigrant and day coaches that most of the deaths and injuries occurred.

WARTS AND WEEDS.

THE DIFFERENCE BETWEEN WISHING AND WORKING.

It is popularly believed that warts can be wished away. But the farmer who sat down and tried to clear his field by wishing the weeds away would soon find his crops gone. It takes working to get rid of weeds, and the man with the hoe must put in many a long day before he can take a well earned rest.

It is a singular fact that a great many people treat certain forms of disease as warts are said to be treated—by wishing. This is especially so in the case of

coughs. "I wish this cough didn't bother me so," they say. "I wish my cough didn't keep me awake so much," and so on. It never seems to occur to them that it takes active measures to get rid of a cough; that a cough is like a weed, growing right along, and the longer it grows the deeper it strikes its roots.

If a man heard the alarm of a rattlesnake near by he'd jump aside at once to avoid the attack and then seek to find and destroy the dangerous reptile. The cough is a danger alarm as much more significant than the rattle of the snake as the disease it heralds is more dangerous than the snake bite.

FEW PEOPLE ARE KILLED

by snake bites each year. Consumption slays its thousands and tens of thousands annually and it is the fatality of consumption which makes the cough that heralds it a danger signal to be promptly heeded. Don't wish the cough would stop. Stop it!

"I had long been a sufferer from chronic catarrh of the head," says Chas. T. Stone, Esq., of Whitford, Chester Co., Pa. "About last May it developed into a very disagreeable and hacking cough, with soreness and fullness of the chest. Doctors here pronounced it bronchitis. I tried several doctors and took different remedies without receiving any benefit whatever. I then consulted Dr. R. V. Pierce, in reference to my case. The first bottle of his 'Golden Medical Discovery' stopped the cough. I used several bottles, with Dr. Sage's Catarrh Remedy, and have since had no symptom of a return of the cough."

"I last spring I had a severe attack of pneumonia which left me with a very bad cough, and also left my lungs in a very bad condition," writes John M. Russell, Esq., of Brent, Cherokee Nat., Ind. Ter. "I had no appetite and was so weak I could scarcely walk. My breast was all sore with running sores. I got two bottles of Dr. Pierce's Golden Medical Discovery which I believe saved my life. I cannot express my gratitude to you. I am able now to do very good work."

The surest way to stop a cough is to use Dr. Pierce's Golden Medical Discovery. It cures obstinate and deep-seated coughs, bronchitis, bleeding of the lungs and other diseases of the organs of respiration, which if neglected or unskilfully treated find a fatal termination in consumption. In hundreds of cases a cure has been effected by the use of "Golden Medical Discovery" after all other means and medicines had failed to benefit and doctors had said, "There is no hope."

DON'T GIVE UP HOPE.

Let every one who suffers from respiratory and pulmonary diseases cherish hope until Dr. Pierce's Golden Medical Discovery has been given a fair and faithful trial. It always helps. It almost always cures. Ninety-eight per cent. of those who use "Golden Medical Discovery" find in it a perfect and permanent cure. Even the two per cent. acknowledge benefit and help from the use of the medicine.

"I want to say a word in favor of your grand medicine," writes Mrs. Priscilla Smail, of Leechburg, Armstrong County, Pa. "About three years ago I was taken with a bad cough; had night-sweats; would take coughing spells and have to sit up in bed at night for an hour at a time. When I would walk up hill I could hardly breathe; would get all stopped up in my throat. I did not try any doctor but I saw the advertisement of Dr. Pierce's Golden Medical Discovery and decided to try it. I took three bottles which cured me. Whenever people tell me they are sick I say to them, 'Why don't you get Dr. Pierce's medicine? It cured me and will cure others.'"

A GREAT FREE OFFER.

Persons suffering from chronic forms of disease are invited to consult Dr. Pierce by letter, *free*. All letters are held as private and their contents guarded by the same strict professional privacy observed by Dr. Pierce in personal consultations at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

This offer is not to be confounded with those offers of "free medical advice," which are made without any evidence of medical qualification or professional standing. For more than thirty years Dr. Pierce, as chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., assisted by his medical staff of nearly a score of physicians, has treated and cured many thousands of men and women who had been given up by friends and physicians as incurable.

Dr. Pierce's success has been founded on the fact that he cures so-called "incurables." There are thousands of men and women to-day, living in the enjoyment of perfect health, who bless the day when they wrote the first letter to Dr. Pierce. Who can wonder that these people are enthusiastic over Dr. Pierce's medicines and advice? Write to Dr. Pierce. It may be to you as it has been to many others—the first step to health.

Dr. Pierce's Golden Medical Discovery contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It is a true body-building, flesh-forming, strength-giving medicine.

Sometimes a dealer tempted by the little more profit paid by less meritorious preparations, attempts to sell a substitute medicine as "just as good" as Dr. Pierce's. The only way in which to get the cure you seek is to insist upon the medicine which cured others, Dr. Pierce's Golden Medical Discovery.

A GOLD MINE FOR 21 CENTS.

Who wouldn't jump at such a chance? Yet "wisdom is better than gold," and that mine of wisdom, Dr. Pierce's Common Sense Medical Adviser, 1008 large pages (in paper-covers), is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. For the cloth-bound volume send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

REV. DR. SWEENEY OFFICIATES.

The marriage was performed last night by Rev. Dr. Sweeney at his home on Eleventh street. It was witnessed by Titus Hale, an old friend of the groom and a well known citizen of East Oakland, whose home is at 1281 Twenty-third avenue and who acted as best man. The bridesmaid was a Miss Black, a friend of the bride, from San Francisco.

A dinner followed and finally Mr. and Mrs. Laird started on a wedding tour which will occupy ten days and which will come to an end in the new abode in San Francisco.

Mr. Hale made the application for the marriage license, and it was through him that the marriage was brought about.

WOOING AT SIXTY-EIGHT.

Mr. Hale is 61 years of age and is in excellent health. He is a widower, the father of six children, two of whom are married. Speaking of the mating Mr. Hale said today:

"The couple became acquainted at my house. No, I did not act as 'matchmaker.' I simply gave a party at my house and invited both Mrs. Knight and Mr. Laird. He and I are pretty lively fellows, even if we are not young any longer. We like the company of gentlemen and ladies, too. I gave some more parties, and both Mr. Laird and Mrs. Knight were there. Was it love at first sight? I don't think it was. Of course, Laird met her and then he got to escorting her home, and the first thing I knew they were engaged. He thinks an awful lot of her and she just loves him. If Mrs. Knight were a divorced woman, Laird would not have had a thing to say to her. He does not and Mrs. Knight does not belong to Dr. Sweeney's church. She wanted to be married by an Episcopal clergyman, but the clergyman is not in town now. Mr. Laird has not one theological idea. He is a member of no church. I heard Dr. Sweeney preach once and he said that a man could be good in any church and that suited me. I thought he was a liberal man, and Mr. Laird said Mr. Sweeney would do to perform the ceremony.

THE FORMER HOME.

"Mrs. Laird until last night lived with the family of her uncle, Thomas Crandall, who resides at 575 Kennedy street. Mrs. Laird is not a blonde nor a brunette. She is half-and-half. She was a shorthand woman for a San Francisco firm, but I do not know the name. Good luck to them."

NO MATRIMONY FOR HALE.

From the cheery manner in which Mr. Hale spoke the reporter inferred that he would soon emulate Laird's example, but this Hale denied.

"No, sir," he exclaimed, "no more marriage for me. Laird is 63, it is true, and I am 61. I am hale and happy and contented, but Laird looks as if he were only 40, only 40, sir," and then Hale passed on.

INSURED.

YOU insure your house against fire. You know what people would say if it burned down without insurance. They would say you were wanting in business sagacity, that you should have provided for this. Now leave house insurance and consider clothing insurance. Here the danger is even greater—not from fire, but from the chemicals and strong soaps used in the laundry. Wise women insure their finer, more delicate and perishable things against this risk, and the premium they pay is the trifling cost of Ivory Soap. That guarantees protection.

IVORY SOAP—IT FLOATS.

Edna Wallace Will Not Inherit the Dunsmuir Millions Through Her Mother.

Edna Wallace Hopper, who was stricken with grief by the sad death of her mother, Mrs. Dunsmuir, is still confined to her bed and is in so serious a condition that she may not be able to attend her mother's funeral, which will be held tomorrow morning at 11 o'clock from St. Francis de Sales' Church in this city. Mrs. Hopper is still at the Dunsmuir home, near San Leandro, under the care of Dr. Thorne.

It was generally supposed that, at her mother's death, Mrs. Hopper would inherit the wealth of her stepfather, the late Alexander Dunsmuir. This, however, appears not to be the case. When Mr. Dunsmuir died he left a will devising and bequeathing to his brother, Hon. James Dunsmuir of Victoria, B. C., all his property, both real and personal. He had previously exacted from his brother a promise that he would always provide for his widow.

When Alexander Dunsmuir died, James Dunsmuir filed the will and it was probated in British Columbia and subsequently proved in San Francisco. Under it the widow received nothing, and there was some talk of a contest, but an agreement was entered into between the widow and the brother, wherein the latter agreed to pay to Mrs. Dunsmuir $25,000 a year as long as she might live. It was estimated that this would mean more than $300,000, provided that she might live the allotted three score years and ten, but she was taken off after she had been paid only $39,000.

Before the late capitalist's death he gave his wife property sufficient to make her comfortable for life independent of the yearly $25,000. Among this property was the beautiful Dunsmuir home and ranch, consisting of 315 acres of valuable rolling foothill land near San Leandro. This and her mother's other holdings will go to the actress, but she will have no share in the millions left by the capitalist, for under the terms of her mother's agreement with James Dunsmuir, the $25,000 annuity was accepted in full satisfaction of all inheritable interests.

There were many callers at the Dunsmuir home yesterday, but Dr. Thorne refused to allow any of her friends to visit the sick woman. Toward night, however, her attorneys were allowed to see her and the arrangements for the funeral were then completed.

The funeral will be held at St. Francis de Sales' Church, Oakland, where solemn high requiem mass will be celebrated for the repose of the soul by Rev. Father O'Mahoney of the San Leandro Parish, of which Mrs. Dunsmuir was a member. The hour for the funeral was fixed for 11 o'clock to allow time for the arrival of relatives, who are on their way from British Columbia.

MRS. BRANDES TELLS HER STORY

Claims She Is Responsible For the Death of Her Step-Daughter.

Mrs. Brandes, wife of W. A. Brandes, who is on trial on a charge of beating his daughter to death, has made a statement that she is responsible for the child's death. This is what she says:

"Yes, it is true that I made a statement to Mr. Homer with reference to the occurrences of Wednesday evening, the 16th of November, 1898, and they are substantially correct. There had been more or less jealousy between the child and myself from the time that Lillian came to live with us. Upon this Wednesday evening she took me to task for having accused her of stealing money, and after some words she picked up a knife and attempted to cut me.

"I grabbed a poker, and after she had succeeded in cutting the sleeve of my dress I knocked the knife out of her hand by striking her arm with the poker. She then grabbed hold of the poker and we scuffled and she succeeded in getting the poker away from me.

"She struck me and I grabbed hold of a piece of hose, and, to defend myself struck her about the body and over the head several times. As she attempted to strike me again with the poker my son Milton grabbed it out of her hand from behind."

BANKS OBJECT TO STOCK ASSESSMENTS.

Suits have been filed by the First National Bank and the Union National Bank to enjoin County Tax Collector Barber and City Treasurer Taylor from collecting taxes levied upon bank stock held by the directors. The tax was provided for at the last session of the Legislature. The banks, however, claim the law is unconstitutional. Judge Ellsworth has granted temporary injunctions in the suits.

Similar suits were brought last year to recover taxes that had already been collected.

GOOD RECORD MADE BY ROSEDALE PUPIL.

Lizzie G. Geary of the Rosedale School received 95 7-12 per cent in her examinations. This is the highest mark received by any pupil in the county. Edward E. Kennedy was the next highest. Miss Geary is the first pupil to graduate from the Rosedale School, which was founded in 1876. Most of the pupils who have attended the school have gone to other places to complete their studies.

OAKLAND HARBOR NEWS NOTES.

Many Strikers Are Now Seeking Positions at the Various Shipyards.

"It is a downright shame that when men look for work they cannot secure it," said Alex Wright of Hay & Wright's shipyards, yesterday, "but we are turning men away every day, notwithstanding the prosperous times. Hardly a day passes now that we do not have from half a dozen to a dozen men apply for work of any kind, but we have not work for them and are compelled to turn most of them away, no matter how much it may grieve us. Of course, this is a dull time of the year and all the shipyards have let out men, but I think the various strikes are in a large measure accountable for the great number of idle men. Still, it is too bad from whatever cause it may come. I say that when a man wants to work he ought to have an opportunity to do so."

Mr. Wright was discussing the fact that he had recently discharged 150 men and that Dickey's shipyard had also discharged a number of men because there was no work for them during the dull season. Since then, he says, the strike has been declared and the number of men who apply for work at the shipyard is amazing. To avoid discharging a lot of others, and at the same time utilize the odds and ends of lumber that gather in a shipyard from the various contracts, Hay & Wright are building a large lighter, or barge. This gives employment to the present force when it is not otherwise engaged, the work being done by piecemeal.

Scene of Activity.

Notwithstanding the complaint of a dull season, there is a scene of activity at all the shipyards, and one unacquainted with the business would suppose that it is unusually lively.

At Hay & Wright's shipyards the two-masted schooner Abbie has been placed upon the ways for repairs. She will have minor repairs made on her keel and deck and will be scraped and re-painted.

The two-masted schooner Mary Sachs, recently returned from a cruise to the South Sea Islands, is being supplied with a copper bottom, preparatory to going upon another scientific expedition.

The steam schooner Redwood, recently launched at Dickey's shipyards, is still lying at the dock. Her machinery cannot be set up until the conclusion of the ironworkers' strike.

Yachts Repaired.

One of the busiest firms on the water front nowadays is that of J. C. Beetle & Co., boat builders. Small craft of all kinds are being constantly turned out, and at this season many of the yachts in the harbor are undergoing repairs.

The yacht Albert, the property of T. Kendall, and one of the fleetest sailing vessels upon the bay, is being repaired by Beetle. She was placed upon the ways at Hay & Wright's shipyards.

The keel of the new steam schooner Oakwood has about been completed at Dickey's shipyards and the workmen are now engaged upon her cabin. She is similar in design to the schooner Redwood, but is smaller. It is expected that she will develop more speed than her sister vessel.

LOCAL ELKS TO MEET LOS ANGELES PLAYERS.

Next Sunday at 12:30 o'clock the local Elks' baseball team will play a team of Elks from Los Angeles. This will make the third game played in this city between the local team and visiting Elks. The Stockton and Santa Rosa teams were each defeated by the local team.

The local nine will be made up partly as follows: G. W. A. Blethen, pitcher; W. Dean, first base; Cal Ewing, second base; Beach Dean, shortstop; Harry Platt, third base; N. P. Sessions, left field; Geo. Uhl Jr., center field; Geo. Wyans, catcher. There are several applicants for right field.

CHATTEL MORTGAGES FILED FOR RECORD.

I. B. Tucker has mortgaged some horses on Mrs. Henry's ranch in Collier Canyon to N. D. Dutcher for $200 until November 1st at the rate of 2 per cent a month.

A. R. and Ella M. Savage have mortgaged a stock of paints, oils and glass at 622 Telegraph avenue to W. E. Barnard for $250 for a year at 1 per cent a month.

Ernest S. and Belle C. Watrous have mortgaged their furniture at 2106 Kittridge street, Berkeley, to Charles McCarthy for $400 for thirty days at 2 1-2 per cent a month.

SPORTING NEWS OF THE WEEK.

J. Cal Ewing's Men Must Work Harder—Yachtsmen Plan For the Race.

The Acme Club formally opened its new club rooms on Broadway Monday evening. The following nominations for permanent officers were made and will be voted upon at the next meeting: President, W. H. L. Hynes; vice president, A. H. Agnew; secretary, G. Westphal; treasurer, L. W. Hardie; directors, Justice J. W. Stetson, C. S. Hannan, W. F. Fredericks, A. Bedbury, and L. Sterling.

There will probably not be any contest for the offices, outside of directors. The president, vice-president, secretary and treasurer will be ex-officio directors. Three others are to be elected. A constitution and by-laws will be adopted at the next meeting of the Club. The roll now contains about one hundred names.

J. CAL EWING'S MEN OUT FOR THE PENNANT.

The Dudes will play the Los Angeles team tomorrow at the latter's grounds. If the Oakland team is to better its standing in the League, the team must give Pitcher Hodson better support. Hodson has been pitching excellent ball, but errors on the part of other members of the team have lost the games.

Hodson in the East won for himself the sobriquet of "Monkey," owing to his amusing tactics on the coaching line. During the last games the team played he gave an exhibition of his capabilities in this line. He and "Youngy" Johnson should prove a strong drawing card on the coaching line.

Manager Harris was fined $250 by the League management on account of the failure of his team to finish the game with Oakland Sunday. Harris, in turn, fined Whalen for his conduct on the field. Iberg and Evans were fined for not being in attendance at the game so they could have relieved Whalen when he was ordered off the field by Umpire Tyler.

In order to prevent tedious delays, Umpire Tyler has made a rule that the players shall be allowed only ten seconds to go to the bat. The League management is standing back of Tyler and will see that his rulings are enforced.

Manager Lohman is having his usual ill-luck with his players. "Truck" Eagan is confined to his home with a sprained ankle and will not be able to play in the next series. Moskiman has just recovered from his injured leg. Held has gone to his home in Los Angeles on sick leave.

Streib will play first base in the series with Los Angeles. Moskiman and Babbitt will alternate in right field.

San Francisco and Sacramento will play a series of five games commencing tomorrow.

YACHTING MEN PLAN FOR THE ANNUAL RACE.

The members of the California Yacht Club are making preparations for the annual race for the Wallace trophy, which is to be held July 4. Several yachts will take part in the event. Some of the yachts have been undergoing alterations and overhauling with a view to fitting them better for the race.

The Edna, owned by E. F. Sagar, is considered the most formidable competitor for the trophy. This yacht has already won the trophy four times. The Whirlwind, formerly owned by the late Captain E. A. Von Schmidt, won the trophy twice.

Other yachts that have excellent chances of securing the trophy are F. V. Greene's Alert, John Carrier's Jessie D. The latter is now on the ways undergoing alterations that will increase its sail plan. Police Sergeant Charles Clark will not be able to sail the Gypsie in the race, owing to the fact that he will have to march in the parade on the Fourth.

Commodore S. S. Marshall and party have returned from an up-river cruise on the Thelma.

Captain George E. Miller and party were out in the Occident Sunday.

Charles Clark, J. J. Hamlin Jr. and Jack Sherry visited the Cliff House Sunday on board the Gypsie.

Captain A. M. Clark and daughters, Misses Edith and Roberta Clark, and Geo. Emmons left Saturday on the Pactolus for an up-river cruise. They will return Sunday.

Captain L. I. Gale and party took a cruise about the bay and across the heads Saturday and Sunday on the Secret. The yacht left Saturday evening and anchored over night off Sausalito.

Captain W. G. Wight and party were out in the Aloha Sunday.

PARENTS WILL VISIT THE Y. M. C. A. BOYS IN CAMP.

Secretary McManis of the local Y. M. C. A. is down at Camp McCoy, in the Santa Cruz mountains, and the chief purpose of the trip is his desire to arrange for a family excursion to the camp for July 11th, in order that parents may visit their boys in camp before the same closes, which will be on July 17. Secretary McManis felt very sanguine when he left yesterday, and it is most likely that he will succeed in arranging the excursion.

AMATEURS PLAY A TWELVE INNING GAME.

The baseball game between the J. P. Maxwells and the Koenigs, played at Golden Gate last Sunday, was one that would do credit to professional players. The game in the first place was errorless. Twelve innings had to be played, and then the score stood 4 to 3 in favor of the Maxwells.

Russells and Walters were the battery for the victorious team, while Perine and Bercovich did battery work for the Koenigs.

There were five hits off Russell and six off Perine, and H. Platt umpired the game.

Next Sunday the Koenigs and the Reliance teams play.

CATHOLIC LADIES TO HOLD ANNUAL PICNIC.

The picnic of the Catholic Ladies' Aid Society on Tuesday, July 2d, promises to be a great success. It will be held at Leona Heights. It is to be but a family affair for members and their friends.

Silent Sufferers

West Lebanon, Ind., March 28, 1900.

I have suffered for years with female trouble and have had five of the best doctors in the country, but found no relief until I tried your Wine of Cardui, which has done wonders for me. I will gladly recommend it to any lady. I owe my gratitude to your good medicine. EMMA JOHNSON.

It is astonishing how many apparently healthy women there are who suffer in secret. Even their nearest friends do not know how little life means to them. If you are a silent sufferer Miss Johnson's testimonial should be full of encouragement for you. Her case ran along for years, before she took Wine of Cardui. But she soon secured relief from those terrible dragging pains which were saddening her life. Miss Davis waited ten years before taking

WINE OF CARDUI

which made her "feel like a new woman". Female suffering is playing havoc with women, making them faded and old before their time. It will do that for you if you don't stop the trouble. Why do you suffer another day? Your pain is unnecessary. Delay invites dangerous complications which soon become incurable. Ask your druggist for a $1.00 bottle of Wine of Cardui and secure complete relief by taking it in the privacy of your own home.

Robberson, Ind. Ter., Mar. 23, 1900.

I have been in bad health for about ten years and consulted with doctors but they did me no good. After using two bottles of Wine of Cardui and two packages of Thedford's Black-Draught I feel like a new woman. LAURA DAVIS.

WEDNESDAY .....JUNE 26, 1901

SOME FACTS ABOUT WATER.

During the discussion the other night every member of the Council expressed himself in favor of a municipal water plant, but when they looked about to see where the city could acquire one they were, to use a slang term, up against it. True, Wallace said something about getting a subterranean supply at Roberts Landing, but that project has been so thoroughly exploded that it would be midsummer madness to bond this city to carry out a scheme so chimerical. Even the last Council gave it up as no longer worthy of serious consideration, and all the Councilmen save Wallace said it was a vain idea that promised no fulfillment but failure.

The fact is the available sources of water supply in this vicinity have become the property of two corporations. Aside from Pinole Creek and artesian wells, these corporations have all the water obtainable in large quantities. Artesian wells are too precarious to think about because the subterranean supply is now being heavily drawn upon, and can always be tapped by anyone sinking a well in the basin. While the supply cannot be enlarged the drafts upon it are steadily increasing, thus diminishing the amount that may be obtained at any one point. Besides, the experience of the Oakland Water Company demonstrates that it is almost impossible, under the most favorable conditions, to develop an artesian supply sufficient at all times for the needs of Oakland. It is conceded that the Dingee wells are situated at the most advantageous point in the whole artesian basin. With thirty of them pumped to practically their full capacity, a steady supply of only about 6,000,000 gallons daily was developed. This is insufficient for the present needs of Oakland. Where else can an equal supply of artesian water be obtained, in view of the fact that it must come from the same subterranean source?

It has been demonstrated that the supply which might be developed at Pinole would be insufficient in quantity and would cost more than the valuation placed on Contra Costa water by Judge Hart.

Alameda creek and the tributaries have been monopolized by the Spring Valley Company, while the Contra Costa Company owns the San Leandro and Temescal water sheds and the Pleasanton sink. The enormous cost of land and water rights and land damages places San Lorenzo creek out of the question.

Where, then, is Oakland to obtain an independent water supply? This question cannot be answered by denouncing the Water Company or complaining about the rates. It is a question of physical possibility and not of theory or expediency. Whether municipal ownership is or is not the correct thing does not enter into the solution of the problem. Neither does the expediency of uttering a bond issue at this time for water works. The two first and foremost questions to be considered are: Where will you get your water and what will it cost to get it? Would any man with any claim to business judgment dream for a moment of spending millions at either Roberts Landing or Pinole creek? What business man would look upon either project as other than a wildcat speculation promising no commensurate return?

The principle of municipal ownership is not to be served by grasping after shadows and spending money on empirical schemes exploited for private gain at the public expense. It could be struck no harder blow than to spend two or three millions on some abortive project that would leave the city loaded with debt and with an inadequate water supply. The facts of the situation may as well be faced at the outset. They will compel attention in the end, and it will be better to keep them in view from the start. To do otherwise is like running blindfolded up a dark alley.

RECLAIMING ARID LANDS.

While government experts and theorists are figuring on how to induce Congress to make enormous appropriations for the irrigation of government lands in the unwatered parts of the Pacific States, the information leaks out, in a lawsuit now engaging the attention of the English courts, that private enterprise has been highly successful in Nevada in redeeming arid tracts. With the legal action we have nothing to do, but the manner in which the lands were made use of is highly interesting and affords an object lesson to the irrigationists of our own State.

An engineer on the Comstock became familiar with the country in Eastern Nevada through his employment by the United States Land Department in making surveys there. He decided that there was a great opportunity to raise cattle on a tract in Squaw Valley, 100 miles by twenty-five miles in area—a place at the time certainly as unpromising as could be imagined. With the aid of other capitalists he began the work of reclamation and spent thirteen years on the ranch. The engineering was expensive, but great storage reservoirs were constructed and irrigation ditches were provided, which in the end made the property of such value that English capitalists sought and obtained control. It is with the wrecking of the institution that the present suit has to do, which demonstrates the danger of bringing in foreign capital that can have no personal interest in building up a community.

The point is, however, that without a dollar of government aid an immense tract of land, heretofore deemed of no value, has become one of the best cattle ranges in the country lying between the Rocky Mountains and the Sierra Nevadas—a region termed by Fremont the "Great American Desert." Now what was done in this instance could be repeated in Southern California and in the section lying East of the Sierras in Lassen, Plumas and Modoc counties. As long as the people who own the property there wait for government assistance to redeem their holdings from their present sterility, the land will be idle, for the Federal authorities simply will not do a thing—there really is no reason why they should. The owners will have to organize in districts, employ competent men, and bring the water from the mountains to the lands. There is water enough, never fear, for most of the streams in the regions noted are not utilized and hundreds of thousands of inches of water can be had for the taking, but it will cost money to get it.

GOOD NEWS FOR FRUIT MEN.

People generally do not realize the value of the United States Weather Bureau to the public, but the citizens of the State of California would be very ungrateful if they did not acknowledge all the good the institution has done for them. Aside from the fact that the populous State of New York has only three first-class weather stations, while this State has twelve, the chief of the Agricultural Division has just notified the local observer that we are to have a fruit service that will be unapproachable from any point of view.

It is announced that a special fruit service is to be established at San Jose, Riverside, Lodi, Cloverdale, Santa Rosa, Anderson, Palermo, Corning, Calistoga, Willows, Newcastle, Vacaville, Davisville, Merced, Hanford, Porterville, Hollister, Santa Maria, Stockton, Ventura, Mendota and Napa.

This will be of the utmost importance to the farmers as well as the orchardists of the San Joaquin and the Sacramento valleys as they will now be enabled to receive timely information of weather conditions that may mean millions of dollars to them. The service has proved invaluable to the raisin men and there is every reason to believe that it will be of no less service to the great wheat and fruit-growing industries. At any rate it is apparent that this part of the United States is not overlooked by the authorities at Washington.

WELCOME FOR GEORGE SAMUELS

Grand President and Rabbi Friedlander Well Received in the North.

The Portland Oregonian says: George Samuels of Oakland, Cal., grand president of the Independent Order of B'nai B'rith for the fourth district, comprising California, Oregon, Washington, Idaho, Montana, Nevada, Utah and Arizona, arrived in the city yesterday on an official visit to the four local lodges of the order. Accompanying Mr. Samuels was Dr. M. Friedlander, grand orator, who also lives at Oakland.

Grand President Samuels is Assistant District Attorney of Alameda county, California, and is also a representative to the supreme lodge of the Knights of Pythias from the grand lodge of California. After leaving Portland he will go to Washington and Montana, and visit the lodges of the order there. The membership in Mr. Samuels' district is about 2,206, or a little less than one-tenth of the total membership of the order in the United States.

Last night the four local lodges of the B'nai B'rith held a joint meeting, and tendered a reception to Mr. Samuels and Dr. Friedlander, both of whom made addresses.

The objects and purposes of the order of B'nai B'rith were explained to an Oregonian reporter yesterday by Dr. Friedlander, who said:

"The order is a child of this country. It originated here, but has since spread to foreign countries. The Jewish people recognize that this is an institutional government. They felt the need of a universal organization. Thus the Independent Order of B'nai B'rith sprang into existence. Its objects are two-fold: (1) philanthropic and (2) self-protective.

"The philanthropic work of the order consists in mutual aid and assistance in time of sickness or death, for which there are special funds. There are also special funds for the maintenance of charitable institutions.

"The self-protective feature of the order, embracing the higher ideal of fraternity, consists of concentration and consolidation of the Jewish influences of the country. Among its objects is to bring a closer understanding with our fellow citizens at large, and a higher conception of American citizenship among our own people."

Grand President Samuels supplemented Dr. Friedlander's statement by saying that one of the principal objects of the order in later years has been to find places for Jewish emigrants, so that they may become self-supporting and in no case become a burden upon any community. Moreover, he said, the order aims so to place these immigrants that their presence may not be particularly noticeable in any one place. The Portland lodges, following out this plan, have disposed of twenty-eight immigrants within the past year.

There is an insurance feature to the order also, but it is of secondary importance and membership in it is not obligatory upon members of the order.

Mr. Samuels expressed himself as being highly pleased with Portland, and impressed with its wonderful commercial advantages. This is his first visit to this city.

DEATH SUMMONS MRS. MARGARET BUTTON.

Mrs. Margaret M. Button, widow of the late Orando Button and mother of School Director Fred L. Button, died shortly before 3 o'clock this morning at her home, 508 Thirty-fourth street.

Mrs. Button, who was well along in years, had not been enjoying health for quite a while, and her death is attributed chiefly to a general breaking down of the system. She had been suffering from catarrhal troubles and other complications.

Mrs. Button was a woman of a most lovable and charitable nature. All speak in highest praise of her many noble traits. She was a native of Geneva, New York, 71 years old, and had been a resident of Oakland the past thirty-seven years.

The funeral arrangements have been made for next Friday and will be held from the Trinity Episcopal Church. The interment, in Mountain View Cemetery, will be private.

BOOTBLACKS BANQUET AND JOIN FEDERATION OF LABOR.

The Bootblacks, will at all events have no bosses to make demands upon, but their demand will directly strike the public. It is understood that they will raise the price per shine from 5 to 10 cents, and will decide upon a day of rest.

The officers of the local Union are President, A. Ambrose; vice president, L. Guaragnia; financial secretary, A. G. Pergerson; treasurer, A. Cavagnaro; sergeant at arms, Milton Johnson; trustees, W. M. Breeden, L. Valentine and William Bealor.

MRS. EDHOLM OPENS A RESCUE HOME.

Mrs. Charlton Edholm, for many years a writer for local papers, after years of work as a rescue evangelist, speaking in nearly all the prominent cities of America and in Canada, England and Europe, has because of broken health settled down in her former home, 1478 Twenty-second avenue, Oakland. This she has now dedicated to rescue work for friendless girls, deserted wives and babies, and because the word rescue carries a little stigma to those needing help, she christened the home the Lucy Charlton Memorial, in memory of her mother, who was for years a member of the Brooklyn Presbyterian Church and the Woman's Christian Temperance Union.

Almost Lost His Life.

W. J. Smith, while on a recent visit to Mt. Tamalpais, wandered from the trail and lost his way. Darkness overtook him and he was obliged to remain in the woods all night exposed to the cold winds which prevailed. After spending another day and night in a vain endeavor to reach a place of habitation, he fell exhausted. A party of campers happened to see the prostrate form of Smith, and after reviving him with a good drink of Gilt Edge Whisky, Smith went on his way rejoicing.

A SORRY SIGHT

It is, to see a strong man shaken like a reed by a paroxysm of coughing, which leaves him gasping for breath. People have suffered with bronchial affections for years, with obstinate, stubborn cough, and growing weakness. They have tried doctors and medicines in vain. At last they have been induced to try Dr. Pierce's Golden Medical Discovery, with the general result experienced by all who put this wonderful medicine to the test—help at once, and a speedy cure.

For coughs, bronchial affections, weak lungs, spitting of blood, and other diseases of the organs of respiration, "Golden Medical Discovery" is practically a specific. It always helps; it almost always cures.

"I had been troubled with bronchitis and catarrh of the head for eight years; had severe cough, and at times great difficulty in breathing," writes J. W. Howerton, Esq., of Bigfall, Hancock Co., Tenn. "A portion of the time my appetite was poor and part of the time I was unable to do anything. I had been treated by our best country physicians for several years but with little benefit. I had been reading about your medicine for a long time but hadn't much faith in it. Last spring concluded I would try it, and before I had taken one-third of a bottle of Dr. Pierce's Golden Medical Discovery I began to mend. I continued taking it until I had taken several bottles. Took Dr. Pierce's Pleasant Pellets also. Now I feel like a new man, and can do as hard a day's work as any one."

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for paper covered, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N.Y.

LIVELY TIME PLANNED FOR THE FOURTH.

Committees Make Encouraging Reports at Meeting of the Merchants' Exchange.

AIDES ARE NAMED BY THE GRAND MARSHAL.

The room of the Merchants' Exchange was packed last night by members of the Executive Committee of the Fourth of July celebration and citizens interested in the successful carrying out of this project. The meeting was as enthusiastic as it was numerously attended. The financial pile was shown to be climbing up to the $4,000 apex, and some of the members said that the indomitable Gier would run it up to a $5,000 height before the day of the celebration.

COMMITTEE REPORTS.

Every committee reported matters in hand as well under way and, as a consequence, there was not a soul present who did not realize that Oakland was justified in throwing open her gates and welcoming thousands from all sides with the guarantee that she was going to have a celebration of the national holiday such as had never been witnessed in this vicinity before.

PATRIOTIC LADIES.

Early in the evening a delegation of ladies of Lyon W. R. C. appeared at the request of Craigie Sharp of the Committee on the Entertainment of Visiting Soldiers. They comprised Mrs. Morrill, Mrs. Coleman and Mrs. Dorety.

WILLING TO SOLICIT.

Mrs. Morrill said that Lyon Corps, W. R. C., was the only organization that had agreed to undertake the work of soliciting supplies with which to feed the invited soldiers. It was a big thing to feed 2,000 hungry men. The ladies would not act as a corps but as individuals. Some of the Appomattox ladies might aid in soliciting also. The ladies would solcit, and were soliciting, meat, bread, doughnuts and other things. But they would not incur any indebtedness. If an indebtedness were necessary, they wanted to know who was to pay the bills.

THEO. GIER'S OFFER.

Treasurer Gier said that if the ladies would consult with him when it became necessary to incur indebtedness, the matter could be attended to.

EXPENSE ANTICIPATED.

W. Arper said that he calculated they would have at least $150 for he had made an allowance in his of expenses.

LACE FOR LUNCHEON.

Dorety said they would like to the tabernacle cleaned out several days before the dinner. The tables should also be put up so that the ladies could begin to set them the day before the lunch.

Mr. Arper said that the owner of the tabernacle, F. M. Smith, was in the East and would have to be telegraphed to for permission to use it. He expected to have an answer on Friday, and the ladies would be notified of the fact through the press.

A. Salinger said he thought it would be preferable to have the lunch served on the shore of Lake Merritt.

Mrs. Coleman said that the ground was uneven. It would be difficult to keep the coffee warm. Besides, there was a great deal of dust and the wind was sometimes very strong. They would prefer to have the lunch spread in the Tabernacle. They would expect some gentlemen to aid in pouring coffee.

It was decided that the Tabernacle would be the best place in which to serve the lunch.

WELCOME LADY SOLICITORS.

The ladies suggested that the press request ladies to be prepared to respond to calls for contributions of food and to join the band of ladies who are making a canvass with that end in view.

DONATIONS PROMISED.

The following were given as among those who had already agreed to contribute to the supply of money and food to aid in feeding the military men:

Bread, six loaves each—Mrs. Gaskill, Mrs. Jones, Mrs. Ebbison, Mrs. Ham Coleman, Mrs. Young, Mr. Simons, Mr. Merrick.

Butter—Smallman & Co., two squares; Oakland Creamery, two squares; Mason & Co., two squares; Mrs. Gaskill, Mrs. Kirk, Mrs. Hostetter, Mrs. Read, one square each.

Meat—Mrs. A. L. White, Mrs. J. Valentine, Mrs. Dr. R. Williams, Mrs. Tubbs, Mrs. Kramm, one ham each; Mrs. C. H. King, one tongue; Mrs. Frank Rennie, one veal loaf; Mr. Shafter, one quarter lamb; City Hall Market, corned beef; Co-operative Store, one ham; Mrs. H. Coleman, three cans deviled ham; Mrs. M. E. Coleman, one tongue.

Cash received—Mrs. Fred Stratton, $5; Dr. Wilcox, $1; Dr. Sill, $1; Miss Hattie Chapman, $1; Mr. Muehe, $1; Mrs. James Johnson, 50 cents; Mr. Sampson, 50 cents; Mrs. Ham Coleman, 50 cents; Mrs. Gehring, 50 cents; Mrs. J. Hamelin, 50 cents; Mrs. S. Blank, 25 cents; J. H. Dorety, Jr., 25 cents.

Pies—J. Seulberger, one dozen; Mrs. Hugh Cameron, 3 pies.

Fruit—Mr. Damon, 1 basket; 115 San Pablo avenue, 1 basket; Merriam & Company, 1 basket.

Doughnuts—White & Company, 3 dozen.

Harry Williams offered coal to boil the coffee.

MUST NOT GO AWAY HUNGRY.

It will take several thousand pounds of viands to feed a couple of thousand soldiers and, as a consequence, there is still a chance for patriotic housewives and merchants to show their liberality and their national spirit. Every guest will be a stranger and the determination is that no man shall go away with the feeling that he has not been hospitably entertained.

MONEY POURING IN.

Treasurer Gier reported that he had collected $3,600 and that money was coming in much more easily than it had come in before. There was a better spirit displayed. The liberality, too was due, in a great degree, to the fact that the Exchange had set itself against program advertising. That had found favor with the merchants.

REGULATING PAYMENT.

A resolution was adopted to the effect that no bill should be paid without having the same approved by the chairman of the committee contracting it and with a vouher signed by the chairman and secretary of the Executive Committee of the celebration.

PARADE OUTLINED.

Chairman Arper of the Parade Committee said that everything was going along splendidly. The only disappointment was occasioned by the declination of the A. O. U. W. lodges to take part in the procession, owing to the shortness of the time which did not give them the desired opportunity to make a good display. A number of other fraternal organizations had agreed to make a fine showing. This was especially true of the Native Sons, who had the proper patriotic spirit. The Modern Woodmen, Woodmen of the World, Odd Fellows, Cantons, Federated Trades, Building Trades Councils, some organizations from San Francisco and a host of others had all agreed to turn out in the parade. The Federated Trades alone could turn out a couple of thousand men if it were desired.

NATIVE SON ENTHUSIASM.

By way of showing the spirit of the Native Sons, Mr. Arper read the following which was issued by Piedmont Parlor:

"Dear Sir and Bro.—The grandest celebration and parade ever held in this city, will take place on July 4, 1901.

"Piedmont Parlor, ever foremost, has unanimously accepted an invitation to parade.

"Every member is hereby notified to immediately get his uniform in readiness.

"Members not having uniforms, can obtain the loan of a uniform, by being present at our next meeting.

"Members will assemble at Loring Hall on July 4th at 9:30 a. m. sharp.

"Arrangements have been made for a royal good time at our hall after the parade.

"Be patriotic, be a true native, be in line and help to boom the Parlor.

"Let us have every member in line and be the feature of the parade.

"P. S.—Sunday, June 30th, has been selected as the Memorial Day of our Order. It is the intention of our Parlor to decorate on that day the graves of our deceased brothers. You are respectfully requested to donate a few flowers and leave them at our Hall on Sunday morning, June 30th, not later than 9:30 a. m. Yours in F. L. and C.,

"W. B. QUIGLEY, JR.,
"President.
"DANIEL W. DOODY, Sec."

This card was greeted with cheers.

DECORATE THE BIG POLE.

Mr. Wellbye of the Decoration Committee said that he would like to have at least $200 more because, while everything was going along satisfactorily, nothing as yet had been done toward putting up decorations around the flag pole and Telegraph avenue and Broadway.

The matter was laid over till the next meeting.

MAYOR TO PRESIDE.

Mr. Lea of the Afternoon Entertainment Committee said that Mayor Barstow would preside over the literary exercises at the High School.

The Clerks' Union, represented by C. J. Twoomey said that that organization had ordered all its members to take part in the procession.

BANDS AND NIGHT CARNIVAL.

Mr. Sinclair of the Committee on Music said he had engaged one band for the morning and another for the afternoon. Besides, the Fifth Regiment band, the Woodmen's band and several others would be required.

Dave Sinclair said that the night parade would be the greatest thing of the kind which had ever been held in Oakland. Everybody would have to co-operate. They would like everybody to illuminate stores and homes. The assistance of the people was desired and the people would never forget it.

Chief Hodgkins said that he had not made any arrangements for the parade because it was as yet too early.

WIRING STREETS.

Mr. Walker brought up the question of wiring the streets along the line of march.

A. Jonas said it would be advisable to have the Superintendent of Streets put up wire on the day of the parade.

Chief Hodgkins said that the wire used on the McKinley day had been turned into the possession of the city. The wire on that day had been put up by men of the Oakland Gas, Light and Heat Company under the direction of Superintendent Carleton.

OAKLAND WILL HOWL.

Chairman Hawbaker said that the night celebration would be a howling success. Everybody would have to go masked. Black suits would not be respected unless the owner wore a mask. They would make Oakland lively one night, even if it never should be lively again.

ALAMEDA BOAT MEN.

Mr. Bell of the Regatta Committee said that the Alameda Boat Club had agreed to donate the use of two boats with crews to save the expense of a steam launch for the judges.

KENDALL'S DONATION.

T. M. Kendall of the Bon Ton Boat House offered to donate the use of two boats for the day to carry police to keep the course on the lake clear during the races. The crews to man the boats will be furnished by the Alameda Boat Club. The donation represented $40. Mr. Kendall was given a vote of thanks.

J. J. Naegle made a plea for an appropriation for $125 to decorate the liberty pole with. The matter will come up again.

MARSHAL'S AIDES.

Chairman Arper of the Parade Committee and grand marshal of the procession, announced his staff and regalia as follows: Chief-of-staff, red, white and blue sash, Webb N. Pearce; marshals of divisions will wear red sashes; aides-de-camb will wear blue sashes. The aides are as follows: R. Crist, Dr. F. E. Para, Albert Kayser, H. D. Cushing, E. F. Thayer, J. S. JAS. DE FREMERY WRITES A LETTER

Has Something to Say About the Recent Unpleasant Harbor Controversy.

At the meeting of the Merchants' Exchange last night, the following letter addressed to Secretary Walker of the Exchange was read:

MR. DE FREMERY THOUGHTFUL.

"Dear Sir: Permit me to thank the Merchants' Exchange, through you, for the courtesy that has been extended to me.

"I was very much pleased to note that Oakland has an organization which, irrespective of permanent considerations, seems ready, at all times, to give encouragement to those who make investments in your city.

"It is not necessary for me to go into detail as to what has occurred in the past two weeks, prompting this communication, as you are familiar with the circumstances.

"If you pursue the same fearless policy hereafter, in your handling of matters of public interest as you did in the matter of proposed improvement of Oakland harbor, in which I was personally concerned, but where my interests were entirely secondary to those of your city, I believe the city of Oakland will have your organization to thank for much of its prosperity.

"Very respectfully,
"JAMES DE FREMERY."

The communication was filed.

POSTOFFICE MATERIAL.

At the suggestion of Secretary Walker, Messrs. Wellbye, Jonas and Lea were appointed to act in the matter of the proposed change in the material for the postoffice from Utah sandstone to California granite.

AGAINST PROGRAM "ADS."

A letter from E. Belle Dudry was read commending the action of the Exchange in denouncing the practice of advertising in ball and concert programs.

SENTIMENT UNANIMOUS.

Secretary Walker said that after the celebration of the Fourth, an agreement would be signed by merchants to the effect that, hereafter, merchants would not patronize programs with advertising. In some instances he could not get to the merchants quickly enough with the agreement, and all of the business men, he claimed, would not sign the document when it would be presented to them.

TUNNEL PRELIMINARIES.

Wilber Walker of the Tunnel Committee read the letter which he presented to the Supervisors Monday last, suggesting the appointment of a member of that Board to act with one member of the Contra Costa Supervisors and a member of the Exchange to make preliminary arrangements for the building of the tunnel. He said that Supervisor Rowe had been appointed by the Alameda Supervisors, and that Supervisor Stowe would probably be appointed by the Contra Costa county Supervisors.

On motion of D. C. Brown, Wilber Walker was appointed to represent the Exchange on the Committee.

NEW MEMBERS.

Kane & Daly, liverymen, were elected members of the Exchange.

BOOLE & SON THANKFUL.

The following was received from Boole & Son and was addressed to the Exchange:

"Gentlemen, please accept our hearty thanks for your successful efforts to have Adeline street extended to our shipyard. We feel assured that you will have no reason to regret the consideration granted to us in this matter. Yours respectfully,

"W. A. BOOLE & SON."

The communication was filed.

WILL TELL WOMEN HOW TO BE BEAUTIFUL.

Mrs. Eugenia Castleman-Campbell, the celebrated "beauty doctor," will lecture to women only at Hamilton Hall Friday evening and Saturday afternoon. Her subject will be "Health, Grace and Beauty." She is a fine lecturer and is noted for her success in her line of work.

FAMILY FOOD.

Crisp, Toothsome and Requires No Cooking.

A little boy down in N. C. asked his mother to write an account of how Grape-Nuts Food had helped their family.

She says Grape-Nuts was first brought to her attention on a visit to Charlotte, where she visited the Mayor of that city who was using the Food by the advice of his physician. She says, "They derive so much good from it that they never pass a day without using it. While I was there I used the Food regularly. I gained about 15 pounds and felt so well that when I returned home I began using Grape-Nuts in the family regularly.

"My little 18 months old baby shortly after being weaned was very ill with dyspepsia and teething. She was sick nine weeks and we tried everything. She became so emaciated that it was painful to handle her and we thought we were going to lose her. One day a happy thought urged me to try Grape-Nuts soaked in a little warm milk.

"Well it worked like a charm and she began taking it regularly and improvement set in at once. She is now getting well and round and fat as fast as possible and on Grape-Nuts.

"Sometime ago a number of the family were striken with La Grippe at the same time, and during the worst stages we could not relish anything in the shape of food but Grape-Nuts and oranges, everything else nauseated us.

"We all appreciate what your famous food has done for our family."

The Duty of Mothers.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham's Laboratory at Lynn, Mass., and secure from a woman the most efficient advice without charge.

Mrs. August Pfalzgraf, of South Byron, Wis., mother of the young lady whose portrait we here publish, wrote in January, 1899, saying her daughter had suffered for two years with irregular menstruation—had headache all the time, and pain in her side, feet swelled, and was generally miserable. She received an answer promptly with advice, and under date of March, 1899, the mother writes again that Lydia E. Pinkham's Vegetable Compound cured her daughter of all pains and irregularity.

Nothing in the world equals Lydia E. Pinkham's great medicine for regulating woman's peculiar monthly troubles.

PERFORMANCE AT THE MACDONOUGH THEATER.

The baseball teams from the Oakland and Los Angeles lodges of Elks will attend the performance.

THIRTY THOUSAND ARE BENEFITED.

CLEVELAND, Ohio, June 26.—The conference of the American Tin Plate Company's officials with the representatives of the Amalgamated Association of Iron, Tin and Steel Workers, which has been in session here for several days, has resulted in the signing of a new wage scale to go into effect July 1st. The workmen asked for an advance of ten per cent. Under the new scale they will receive an advance of two per cent. Nearly 30,000 men, it is said, will be benefitted. While the new scale applies directly to only the employes of the American Tin Plate Company, better known as the Tin Plate Trust, it is said the independent manufacturers will undoubtedly be governed by the action taken at the Cleveland conference.

The conference of the Tin Plate officials with the representatives of the Tin Workers' Protective Association, which was adjourned last Thursday evening to make way for the conference just closed, was resumed today.

STANDARD MUST WAIT FOR POWER

It is an established fact that electric power by means of the Standard Electric Company will not reach this city until November of this year, and it may not be delivered here until January of next year. The delay has been caused by a variety of disappointments, a shortage of water among others, which has greatly interfered with the progress of the work. An impression obtains that San Jose is in receipt of power from this company, but that is a mistake. The Standard had a contract to supply electrical energy there by a certain time under a penalty for failure to comply with the requirements of the same. As it had no power of its own, the Standard was compelled to buy power from the Bay Counties Power Company, and it is this energy which is being supplied to patrons in San Jose.

ALDRICH ESTATE IS AGAIN BEFORE COURT.

A contest over the disposition of funds of the estate of the late capitalist, William A. Aldrich, was heard before Judge Ellsworth this morning.

The principal contention was over $6,300 paid as dividends on forty-three shares of stock of the German Lead Works. The executors accounted for the money as part of the estate. The money was paid on stock that had been bequeathed to Minnie A. Aldrich and she claimed that it should be paid to her separately and not go to the estate.

It appeared, however, that the account of the executors had already been approved by Judge Greene. In view of this fact Judge Ellsworth said he would not review the proceeding.

An opposition to certain items in the account was then withdrawn, as they had already been approved by the court.

The estate of the late Wm. A. Aldrich is valued at $379,000. Most of the property was bequeathed in trust to the widow and children. The interest of Minnie C. Aldrich is valued at $136,000. The executors are Mrs. Annie A. Barton and Mrs. Helen A. Dunning. They have presented their eighth annual account to the court for approval.

GAS COMPANY TO BUILD IN BERKELEY.

The Oakland Gas, Light and Heat Company is having plans drawn for a substantial office building which will be situated on the east side of Shattuck avenue, between Kittredge street and Alston way.

The structure will be of brick and one story high.

KISSED AND MADE UP IN THE POLICE COURT.

The charge of failure to provide, preferred against Emil Fritz by his wife, was dismissed in the Police Court today. It appears that Mrs. Fritz came to Oakland some months ago with her children, ostensibly to visit friends here. When the husband demanded that the children be allowed to come home for his company, the wife demurred and he refused further to provide for them. It was hinted that Mrs. Fritz had deserted the husband.

In the Police Court today, however, their differences were settled and they made up. So the case fell for want of prosecution.

ALLEN MAKES POWERFUL SPEECH

(Continued From Page 2.)

and not at another? Why was the noise of one beating heard and not the noise of the other?

No such thing occurred. It is an invention, another sham in the list of shams that this defendant has set up to conceal his crime and evade its punishment. After the child died from the cruel beatings received at his hands he hung her to a bed post to make people believe that she had committed suicide. He told people that she had taken strychnine when he he found that her neck was not broken. It was a sham. He took the stand and told a story that is now admitted to be a lie from beginning to end. Neither he nor Mrs. Brandes nor their son Milton ever gave a hint of any such battle as has been told of. None of them gave a hint that the girl died from any other cause than suicide. All their stories were to the effect that she had committed suicide.

When Mrs. Brandes was put on the stand in this case she refused to testify on the ground that she might incriminate herself. This was a sham. If the story of Milton is to be believed she could tell the truth with perfect safety. She did not dare to tell such a tale because she knew that its falsity would have been exposed and her contradictory statements presented to the court.

Judge Frick says he did not defend Brandes in the first trial and is not responsible for the suicide theory then set up, which he now acknowledges to be false and untenable. Neither are the gentlemen who defended him then responsible for the sham. Brandes invented it himself when he tied that poor bruised body to the bed post, when he circulated the lie that she had poisoned herself. He told Harvey, he told the doctor, the undertaker, the reporters, the officers and everybody else that his daughter had committed suicide. Mrs. Brandes and Milton added their mites to the tale of suicide. The attorneys had nothing to do with it. They found the sham already invented when they took the case, and had no option but to stand by the story told by Brandes and given color of truth by the horrible farce of hanging the body to the bed post, and then taking it down before anybody had a chance to see it there. He did not dare to leave it hanging for people to see, for it would have supplied mute evidence that the story was false and the hanging a sham. He took the body down, but he left the apron tied to the bed post, another sham in this hideous mockery, this drama of murder and the effort to cover it up.

From the evidence the deduction is irrestible that this defendant never saw this child after she was a year old till the year 1897, and never contributed a cent to her support save a dollar and a half a month the last year to pay for the hire of a horse and buy school books. He was in Santa Cruz, where she lived with her aunt in 1895, but never went to see her? Why did he take her away in 1897? Because he went there and saw she was a pretty girl, big enough to help do the housework for Mrs. Brandes. He brought her to his house to be a servant for her stepmother. His affection was manifested in his cruel beatings, his endearments by calling her a 'G—d d—d little —'; and his tenderness by threats to choke her to death. What was her position in that household? Harvey, who had lived there for months, did not know that she was the daughter of Brandes. None of the neighbors knew it. Was not the hand of every member of the family against her?

We must conclude from the testimony that Mrs. Godfrey was the former wife of Braunlich. You gentlemen who saw them both cannot wonder that she separated herself from such a man. Brandes was a witness for Braunlich at the divorce trial, and Braunlich was a witness for Brandes in this trial. Need I say more? It is not necessary. You saw the man and heard his testimony.

At 9 o'clock Friday night the little girl was sitting in the kitchen reading a paper. Except the story of Milton there is nothing to indicate that there had been any trouble since the beating Tuesday night. At 7 o'clock next morning she was dead. Dr. Rowe testifies that the ligature was placed around the neck some six hours after death, and he also testifies that she never recovered consciousness after receiving the fatal blow. Harvey heard the noise of beating and concluded it was very brutal. This defendant said he never went back to his house during the night, that he made his rounds on foot. This story is now admitted to be a fabrication. He was seen by Mr. Waste and others shortly after 1 o'clock riding in a cart. He was only a few blocks from his house and was coming from that direction. Harvey had put the horse up previous to going to bed. Brandes must have gone back to the house some time before 1 o'clock and harnessed him up. It was about that time that Harvey heard the noises, the sounds of beating. The defendant denied that he was there, denied that he took the horse out that night. He did have the horse, and he could have got him only by going back to the house. The time corresponds with the time Harvey heard the noises and the sound of blows. There was no reason for Mrs. Brandes to be up and about at that time of night.

Gentlemen, the conclusion is irresistible that Brandes returned to the house Friday night, and that he dragged that girl from her bed and beat her to death. He alone knew that she was dead at 1 o'clock in the morning. The story that the noises were caused by Mrs. Brandes spanking her son is incredible. Why should the sounds come from the girl's room? How did Mrs. Brandes discover that her son had wet the bed, and even if she did, why get up at that hour to spank him for it? He could not remember that he had ever been spanked before. This is another sham. It is a cunningly devised tale to account for the noises and the sound of blows at that peculiar hour.

Allen was still speaking when the noon recess was taken.

THE CLOSING ARGUMENT.

Judge Allen closed his argument in the afternoon with a critical review of the evidence, separating those facts which were not in dispute from those about which the testimony differed. He asked which was the most credible: Harvey, the Richardsons, Mrs. Godfrey and Streightiff, or Milton Brandes and Braunlich. There was no reason for the former to testify falsely. Can the same be said of Milton Brandes and Braunlich? Allen's peroration was a touching appeal to the jury to vindicate justice and punish an atrocious crime.

GOES TO THE JURY.

The case was given to the jury at 3:10 this afternoon.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its match less merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Osgood Bros., druggists, corner Seventh and Broadway.
